### STYLING

Welcome to the Montero Sport. With beefy tires, aggressive sidewall flares and challenging styling, this vehicle has no problem playing schoolyard bully. At the same time the sophisticated lines and its sleek, upscale refinement let you know that cleaning up for the dinner table won't be a chore either. Doesn't seem fair that the Montero Sport has the best of both worlds? Don't worry. It will when you're driving it.

## PERFORMANCE

Potholes. Speed bumps. Road ruts. This vehicle would laugh if it didn't have so much style. Independent front suspension, underbody skid plates, and tons of ground clearance make sure you accomplish these tasks with flair. Who cares if you are just going to get coffee? And with all-wheel drive helping to maintain traction and control in tough weather conditions, you won't have to worry about making it to your morning fix. Get a couple cups while you're there. Heck, grab a pot. The sturdy multi-valve V6 engine can haul up to two and a half tons\*. So there'll be more than enough power left over to tow your inflated ego, especially with the 3.5-liter, 24-valve powerplant. We even included a 4-speed automatic transmission with adaptive shift control. It actually learns your acceleration patterns, then shifts gears to accommodate your driving style. Not bad. In the 2003 Montero Sport, even the gear box treats you like an individual.

## RALLY HERITAGE

Ironic this vehicle gets its street cred from a place where none exist – the Dakar Rally. Mitsubishi refined much of its own engineering from this savage 2-week all-terrain race, where our vehicles\*\* managed to clinch 9 of the top 10 spots in the 2002 competition. Not only that, but we've won 7 times out of the 24 years of its history – more than any other manufacturer. We figure our vehicles probably could have won more, but our drivers kept pulling over to wash them.

## COMFORT

Whether you're on a freeway or a ski-day, the 2003 Montero Sport makes sure you're as comfortable as it is. With leather-trimmed interior, heated front seats and luminescent sport gauges, the '03 interior offers you a plush vantage point to navigate even the harshest parking lot. Not that room to maneuver will ever be a problem inside this vehicle. Especially with in-floor storage compartments and fold-flat seats clearing the way for you and any freeloading cargo. In fact, you might actually be challenged to find ways to fill this cabin. If that's the case, we've got you covered – sound from the Infinity® Premium 8-speaker audio system is always more than happy to provide assistance.

## SECURITY

Arriving fashionably means arriving in one piece. Which explains why the Montero Sport's side panels are stamped entirely out of one piece of metal. This single-sheet practice provides a more rigid and resilient body. Which ultimately translates, with the help of steel side door beams, into greater protection in a side-impact collision. However, the Montero Sport does its best to keep you out of these situations. Especially with its 4-wheel disc brakes and MultiMode™ ABS. It's an anti-lock braking system that performs whether you're in AWD, or high/low 4WD. Will it come in handy everyday? Hopefully not. But if you ever get tired of playing with the "click" from the remote keyless entry system, it'll give you something to brag about in a traffic jam.

## ACCESSORIES

Make it your own. There's no better way than with Mitsubishi Genuine Accessories. Add them at the time of purchase and they'll not only be installed, but covered under a 3yr/36,000-mile limited warranty. And even better, you may be able to work them into your monthly car payment. After all, leather-trimmed seats offer a plush vantage point to watch the halogen fog lights scatter any fog bold enough to get in your way. And with the cargo net keeping renegade objects from going AWOL, you can make sure no one will get distracted from the rightful center of attention. Yep, you guessed it – you.

For over forty years, we've put thoughtful engineering to the test on the international rally circuit. In addition to the obvious thrill of winning, competing against our peers helps us develop and refine new ideas. Ideas that find their way into all our vehicles. Ideas that look good sitting in your driveway.

**We are Mitsubishi.** We build quality cars. Yet we also offer something more. Because while a car should answer your needs, it should also stir your emotions. Like it or not, cars are a window through which the world views us. Through that window we can appear dull and lifeless—sensible to the point of boring. Or we can show the world that our hearts beat strong, and our minds are quick. Mitsubishi takes pride in building cars that ignite the vital spark which often lies sleeping just beneath the surface in each of us. Cars that challenge us to **wake up and drive.**™
