

Innovation  
that excites

2017  
**GT-R**<sup>®</sup>

**TAKE ON** convention. Question everything. Break the rules. Start with an obsession to detail and a radical belief that a real supercar delivers performance in real-world conditions. Anytime. Anywhere. Make it so refined, anyone can drive it.<sup>1</sup> Yet so capable, in the right hands it can turn the automotive world on its ear. Build a legend on world-beating performance and then – start over again. The new 2017 Nissan GT-R.<sup>®</sup> Because the competition we most love to beat is **THE STATUS QUO.**

Nissan GT-R<sup>®</sup> Premium shown in Blaze Metallic.

<sup>1</sup>Driving is serious business and requires your full attention. At all times, obey traffic laws. Not intended for unpaved off-road use. Always wear your seat belt, and please don't drink and drive.

### A SHARPER FOCUS ON DRIVING

Taking advantage of the capabilities of Nissan GT-R® requires your attention, but it should never feel like information overload. The GT-R's redesigned dashboard reduces the number of integrated navigation and audio controls by more than half, and makes access and use simpler and more intuitive, giving you more time to focus on what's important – the pure enjoyment of the drive.

5 customizable performance screens

Display Commander media controller

Steering wheel-mounted paddle shifters

### MASTERY AT EVERY TOUCHPOINT

The GT-R's redesigned interior is a masterful blend of premium materials, from hand-stitching in the cabin to a dashboard pad created from a single, hand-selected Nappa leather hide. Seats redesigned for added comfort and support make an ideal place to enjoy even the smallest details, like aluminum bezels' subtle etching to enhance their feel.

Carbon-fiber interior accents

Hand-stitched leather-appointed interior trims

Machined aluminum interior accents

### HANDCRAFTED PERFORMANCE

Each GT-R engine is assembled by a single craftsman – called "Takumi" – renowned for their dedication and mastery. And with only five Takumi in the world entrusted with the honor, the plaque on the engine bearing their name has true significance. As one of the Takumi says, "We put our souls into each engine, hoping to deliver that excitement to customers."

# 565HP

## THE LEGEND. REFINED.

### AERODYNAMIC ALCHEMY

Rather than being confined by the demands of aerodynamics, the Nissan GT-R sculpts the air to its needs – becoming a force of nature, as much as a force to be reckoned with. Every aerodynamic detail was considered. A 1% energy loss around the C-pillar was enough for the GT-R's fanatical engineers to redesign the pillar to create a cleaner design.

# .25Cd

**NISSAN GT-R® NISMO®**

**SIMPLY THE DOMINANT  
SUPERCAR OF ITS TIME**

**600 HP**

**nismo®**

Pure. Undiluted. Awe-inducing. With 600 horsepower of fury combined with unmatched control. From its high-capacity turbos to its specially tuned suspension, this is the ultimate GT-R.

On the outside, aggressive aerodynamic design adds a unique rear spoiler and carbon-fiber bumpers, trunk lid, and side sills. Subtle yet special, contrasting dark gray mirrors feature a red accent stripe. The entire body sits poised over unique front and rear alloy wheels, wearing specially developed Dunlop® tires.

Inside is just as focused, with Recaro® seats, an Alcantara®-wrapped steering wheel with red leather stripe at 12 o'clock, and a signature NISMO red throughout the cabin, including the seatbacks, tachometer face, shift lever, and door handle pulls.

**481 lb-ft of torque**

**0.26 coefficient of drag**

**NISMO unique 6-spoke wheels**

**NISMO carbon-fiber body kit**

Images may show additional available equipment. <sup>1</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. <sup>2</sup>Driving is serious business. Only use NissanConnect<sup>SM</sup> Services powered by SiriusXM® and NissanConnect<sup>SM</sup> Mobile Apps when safe to do so. NissanConnect<sup>SM</sup> Services and Mobile Apps availability is dependent on vehicle model, trim level, packaging, and/or options. See [NissanUSA.com/connect](http://NissanUSA.com/connect) for complete availability details. Late availability for some features. Compatible smartphone required to operate NissanConnect<sup>SM</sup> Mobile Apps. NissanConnect<sup>SM</sup> Services, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal reception, the absence of which can limit or prevent the ability to reach NissanConnect Customer Care or receive support. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. You are responsible for using Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Cellular network not available in all areas and/or at all times.

Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's or Sirius XM Radio Inc.'s control. Neither Nissan nor Sirius XM are responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan, Sirius XM and/or their respective agents or affiliates. Certain services require a PIN for activation. Enrollment and Subscription Agreement is required to receive full suite of NissanConnect Services. Text rates and/or data usage may apply.
