

VOLVO XC60

DESIGNED TO BRING YOUR WORLDS TOGETHER.

Where people come together, there's energy. Energy to cross borders and challenge conventions. Energy to explore the beauty of contrasts. Energy to relax among friends. Make it happen in the new Volvo XC60 – the Swedish energizer, created with love and passion by Volvo.

Modern living calls for an appropriate outfit. All-road capable, sports-coupe sensational and technologically advanced, the new Volvo XC60 comes with new perspectives on urban traveling. Cutting-edge safety and Scandinavian design help you make the best of the roads – from here to what's beyond.

Volvo. for life

FROM SIDEWALKS TO PATHWAYS IN THE BLINK OF AN EYE.

The Volvo XC60 is equally at home in all locations. Sportiness joins with ruggedness, style turns functional and luxury gets attitude. The best of two worlds come together to create a crossover of its own. Maybe just like you and your friends?

UNLEASH YOUR DESIRE TO DRIVE.

A sporty coupe fused with a capable all-roader, the Volvo XC60 will charge any trip with enthusiasm and poise. No matter if you choose the boulevard, the highway, the back roads or any road in-between, this Volvo crossover is ready to go.

ALL-WHEEL DRIVE AND HIGH GROUND CLEARANCE. ALL YOU NEED FOR A SWING THROUGH TOWN.

In the Volvo XC60 you don't have to choose between exhilaration and stability. We linked the highly efficient engine to an intelligent all-wheel drive system* that continuously ensures power goes to the wheels with the best traction. Volvo's stability enhancing systems interact with advanced chassis technology to help maximize driving confidence on all roads.

* AWD is standard on T6, optional on 3.2.

CITY SAFETY.

PROBABLY THE MOST IMPORTANT INNOVATION FOR URBAN DWELLERS SINCE TAKE-AWAY LATTE.

It can happen to anyone driving in slow city traffic. A milli-second lapse in concentration. The car in front slams on its brakes. Driving an ordinary car, you're most likely to run into the vehicle in front of you. Driving a Volvo XC60 equipped with City Safety could help prevent you from striking the car ahead. The laser-based technology continuously monitors the area in front of your XC60 and can brake automatically to help you avoid or mitigate a collision. City Safety comes standard on the new XC60 and is activated when you start the car. Good news for you, your passengers and – not least – anyone in the car in front of you.

XC60

Forward Sensing Module

Processes incoming signals from the front radar and digital camera to determine the car's position on the road and distance to other vehicles ahead.

Laser Sensor

The City Safety laser sensor spots slower moving or stopped vehicles in front at speeds below 20 mph.

Digital camera

This camera helps the on-board intelligence to discern moving from stationary vehicles and register lane markings.

Blind spot sensors

These sensors help detect vehicles entering the blind spot.

Front radar

Registers distance and speed of a vehicle in front at speeds over 20 mph.

SO LOADED WITH TECHNOLOGY, IT'S ALMOST HUMAN.

A closer look inside your Volvo XC60 will reveal some impressive on-board intelligence (in addition to yours, of course). Employing powerful micro-processors together with laser, radar and digital camera technology, this vehicle really can support if support is needed. City Safety helps you avoid low-speed collisions in urban traffic. At speeds over 20 mph, Adaptive Cruise Control (ACC)* can automatically maintain a safe distance from the car in front of you. Collision Warning with Auto Brake (CWAB)* for highway driving can warn you if you're too close to the vehicle in front of you and can – if a collision can't be avoided – activate the brakes to help reduce the effects of a crash. On long trips, when it's easy to get distracted, Driver Alert Control (DAC)* can remind you if you unexpectedly lose concentration. And by continuously monitoring your car's position on the road, Lane Departure Warning (LDW)* will alert if you weave out of your lane without signaling. But most of the time you'll never notice these supportive technologies. The most intelligence demanding part of driving will always be your absolute privilege.

* Included in the optional Technology Package

BE CONNECTED.

The new Volvo XC60 will elevate you in many ways. Behind the wheel there's no doubt who's in command. Everything, from the multi-adjustable power driver's seat to the slightly angled center console, is designed to empower you as the driver. Controls and instruments connect intuitively, and – when needed – there's on-board intelligence to support you.

The background of the advertisement is a close-up photograph of the interior of a Volvo XC60. It shows the rear passenger area with two leather seats. The seat on the left is a rich, warm brown color, while the seat on the right is black with a large, light-colored (possibly white or cream) leather panel on the backrest and seat cushion. Both seats feature white contrast stitching. A black metal crossbar is visible between the seats. Through the rear window, a blurred cityscape with buildings is visible under bright, natural light. A white, rounded rectangular text box is overlaid on the right side of the image.

TEST DRIVE THE POWER TAILGATE.

A highly versatile partner, the Volvo XC60 helps you deal with the challenges imposed by daily life. On the inside, there's clever storage and a spacious load compartment. To allow comfortable configurations of people and cargo, all passenger seats can be folded separately. The power tailgate* can be opened using the remote control (very convenient when your hands are full). And to include small friends, integrated adjustable booster cushions will elevate children to new levels of comfort and safety.

* Included in the optional Convenience Package

A PIECE OF HEAVEN AVAILABLE IN YOUR VOLVO XC60.

Imagine watching the clouds go by even if you're riding in the rear. The exclusive Laminated Panoramic Roof* offers new perspectives on travelling. Part of it can be opened to let the air in. And when you've had enough sun, just activate the power curtain. The glass is dark tinted and laminated for your comfort and security. Of course, we have considered Volvo safety for you and your passengers. For safety reasons, the design of the panoramic roof is optimized and the two-piece glass is laminated.

* Standard on T6 included in the optional Premium Package on 3.2

HOW PERSONAL DO YOU WANT TO BECOME WITH YOUR CAR?

Do you prefer it to simply mind its own business and leave you alone? Or do you want it to guide you and even remind you to consider taking a break from driving? The Volvo XC60 can take on any personality you want. Just set your preferences using the intuitive on-board menu system. Then enjoy the ride. All navigation* and audio functions are conveniently operated from the steering wheel or the center console. Nothing complicated, just liberating simplicity.

* Optional

**“HAPPINESS SHARED IS
HAPPINESS DOUBLED”**

Swedish proverb

Effortlessly, this spacious five-seater will accommodate friends and gear. Everyone travels in comfortable seats, surrounded by thoughtful amenities and haute couture safety.

A dark-colored SUV is shown from a side-rear perspective, driving on a road. The background features a dense city skyline with various skyscrapers under a clear blue sky. The car is in motion, as indicated by the blurred road surface.

HAVE YOU HEARD ABOUT THE NEW HOT SPOT?

Because you love music, we created some of the car world's most formidable audio systems – each designed to harmonize with the acoustics of the interior. Like the Premium Sound system*. With up to 910 W of uncluttered music via a digital class D amplifier, twelve high-end speakers, this is the ultimate in true-to-life sound. Dolby® Pro Logic® II surround sound ensures an equally authentic sensory sensation in all seats. And of course, connecting your iPod® is not a problem. So who will you put on the guest list?

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.
iPod is a trademark of Apple Computer, Inc.

* Included in the optional Multimedia Package

SECURITY.

We know, leaving a vehicle such as the Volvo XC60 isn't always easy. But be assured there's enough theft protection technology to help deter most uninvited visits with sturdy door locks and a lockable floor compartment. And most important – the Volvo XC60 can help enhance your personal security on the way to and from your vehicle. For instance, Volvo's Personal Car Communicator* (PCC) is a handy device that can tell if you've locked the vehicle.

* Optional

THERE'S MORE TO LIFE THAN A VOLVO. THAT'S WHY WE DESIGN OUR CARS TO SUPPORT YOU IN ANY SITUATION ON THE ROAD. THAT'S WHY OUR SAFETY TECHNOLOGY HAS PUSHED AUTOMOTIVE DEVELOPMENT FOR MORE THAN EIGHTY YEARS. THAT'S WHY WE AIM FOR A FUTURE WHERE CARS DON'T CRASH. THAT'S WHY WE LEAD THE WAY TO ZERO EMISSIONS, AND OFFER ONE OF THE PREMIUM SEGMENT'S STRONGEST RANGES OF LOW CO₂ ALTERNATIVES. AND THERE ARE ALL THE REASONS IN THE WORLD TO MOVE THE BOUNDARIES FOR WHAT'S POSSIBLE AND WHAT'S NOT. THAT'S WHY WE INNOVATE FOR LIFE.

INNOVATED FOR YOUR ENJOYMENT, THE VOLVO SAFETY TECHNOLOGIES WILL PROTECT MORE THAN THE FUN OF DRIVING.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This huge task calls for innovative thinking and a brand new approach to the way we design cars. Good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). Neither is the technology needed any figment of the imagination – some are already available. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.

KEEP THE BALANCE.

Roll Stability Control (RSC) senses an impending roll-over and helps stabilise the vehicle if needed.

PERSONAL GATEKEEPING.

Inspired by fighter aircraft technology, the Intelligent Driver Information System (IDIS) can help reduce your workload in stressful situations.

STAY ON TRACK.

Dynamic Stability and Traction Control (DSTC) improves handling, safety and fun in a wide range of challenging situations.

ALL-ROAD STABILITY.

Volvo's available All-Wheel Drive (AWD) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads.

URBAN COLLISION AVOIDANCE.

City Safety – the world's first standard-fitted collision avoidance and mitigation technology – brakes your car automatically if you're about to run into a slower moving or standstill vehicle at speeds up to 19 mph.

STAYING ALERT.

Driver Alert Control* alerts you if you begin to lose concentration and need a break.

AN EYE ON THE BLIND SPOT.

The optional Blind Spot Information System (BLIS) helps you detect vehicles entering your blind spot.

POSITION CONTROL.

Lane Departure Warning* warns you if you begin to drift between the lanes.

ON-ROAD ENLIGHTENMENT.

Available Dual Xenon headlights with Active Bending light technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.

KEEPING A SAFE DISTANCE.

Collision Warning with Auto Brake* warns if you're too close to a vehicle in front and helps brake the car automatically if a collision is imminent.

SMOOTH CRUISING.

Adaptive Cruise Control (ACC)* automatically maintains your set speed and distance to the vehicle ahead of you.

* Included in the optional Technology Package

DESIGNED TO CATCH THE LIGHT BRILLIANTLY, THIS CAR ALSO REFLECTS A PROMISE.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started already in the early 70's. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of the cars and how we make them.

In the near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO₂ emissions and can be charged from a standard wall socket. And we're heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.

RECYCLING.

To help minimize its total environmental impact, the Volvo XC60 already complies with proposed stringent European recycling directives.

FUEL-SAVING DESIGN.

To reduce energy-loss from wind and roll resistance, we utilize advanced aerodynamic design, light-weight materials and low-friction technology. Together with state-of-the-art engine technology, this lowers your CO₂ emissions and helps you travel further on fuel.

FRESH CABIN AIR.

Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's optional Interior Air Quality System helps ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic.

SAFER INTERIOR MATERIALS.

All our upholsteries and interior textiles are tested for certain allergy-inducing or harmful substances and comply with Oeko-Tex Standard 100. And several interior metal details are tested with regard to contact allergies. Good for you, and for anyone who shares your ride.

PACKAGES

PREMIUM PACKAGE (3.2 only)

A Volvo is designed to move you in more ways than one. To further enhance the enjoyment of your XC60, add the Premium Package.

- Leather steering wheel with silver trim
- Silver roof rails
- Gloss side trim
- Laminated panoramic roof
- Leather seating surfaces
- Dark tint windows rear doors and cargo area
- Power passenger seat

CLIMATE PACKAGE

In a Volvo you're always prepared to deal with the ever-changing forces of nature. To increase comfort when driving in cold, rain or snow – add the Climate Package.

- Heated front seats
- Heated rear seats
- Heated windshield washer nozzles
- Headlight washers
- Rain sensor
- IAQS (Interior Air Quality System)

CONVENIENCE PACKAGE

The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Convenience Package, you expand your freedom even more.

- Cargo cover
- Compass in rearview mirror
- Electric folding rear headrests
- Home Link®
- Grocery bag holder, cargo area
- Park assist, front and rear
- Power operated tailgate
- 12 volt outlet, cargo area

TECHNOLOGY PACKAGE

This package of driver support systems is designed to help assist a driver in avoiding potential accidents caused by driver distraction. This unique package offers five support systems.

- Adaptive Cruise Control
- Collision Warning with Auto Brake
- Distance alert
- Driver Alert Control
- Lane Departure Warning

MULTIMEDIA PACKAGE

- Volvo Premium Sound System® with Dolby Pro Logic II Surround Sound, 12 Dynaudio speakers, 4x130 W digital amplifier, 1x130 W central speaker amplifier
- Rear park assist camera
- Navigation System with Real-Time Traffic, Remote Control and Map Care with two complimentary updates

COLOR YOUR VOLVO.

When it comes to the appearance of your Volvo, the choice of exterior color, wheels and other styling items are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit www.volvocars.us

614 Ice White

484 Seashell metallic

477 Premium Electric Silver metallic

612 Passion Red

702 Flamenco Red metallic

494 Terra Bronze metallic

466 Barents Blue metallic

492 Savile Grey metallic

452 Black Sapphire metallic

019 Black Stone

Please note: It is not possible to reproduce exact original shades in printed matter. Please ask your dealer to show you samples.

Clean colors

To reduce usage of environmentally hazardous solvents all Volvo exterior colors are water-based. What's more, our painting facilities are among the cleanest in the world.

EXTERIOR STYLING. IT'S PERSONAL.

Loaded with style and attitude, the new Volvo XC60 has a true crossover character.

Segin 7.5x17"

SWEDISH STREET FASHION. FOR A BIGGER AUDIENCE.

The new Volvo XC60 proudly redefines style, performance and safety – the Swedish way. A true crossover character, it blends sports-coupe dynamics and all-road capacity in one supremely capable vehicle. And to make your XC60 more distinct, we developed a selection of unique styling accessories. For you, the people around you and – not least – for more beauty on the streets.

THE VOLVO COLLECTION

Volvo designs speak eloquently of their owners and their values. More than a brand; Volvo is a way of life. That's why we created The Volvo Collection. Come explore the lifestyle accessories The Volvo Collection has to offer. From apparel to collectibles, from uniquely functional to just plain fun, you'll find they share one thing in common. There's not just a Volvo logo on the outside, there's Volvo quality throughout. View the catalog on the web at volvocars.us

SAFETY

At the core of every car we make, state-of-the-art technology helps support the driver and protect the occupants. And to further enhance the Volvo safety experience, there's a range of supplementary safety technology – for more performance and peace of mind.

SAFETY Preventive

Adaptive Cruise Control (ACC) with Distance Alert*

Helping the driver to keep a safe distance from vehicles in front at speeds over 20 mph, ACC is a supportive partner for a more relaxed driving experience on long journeys and motorways. Just select the desired speed and the minimum time gap to the vehicle in front. When the radar sensor detects a slower vehicle in front, the speed automatically adapts to that vehicle. And when the road is clear, the car resumes the selected speed. If ACC is disengaged and a vehicle in front comes too close, Distance Alert activates a red warning light in the lower section of the windscreen to help you keep a proper distance.

Collision Warning with Auto Brake (CWAB)*

Primarily designed for highway driving, CWAB can warn you if you're too close to a vehicle in front and – if a collision can't be avoided – can activate the brakes to help mitigate the impact. Within a range of 500 feet, a radar sensor behind the grille and a digital camera behind the windscreen continuously monitor the distance to the vehicle driving in front of you. If the vehicle suddenly brakes (or is stationary) and Collision Warning senses that a collision is likely to happen, it will alert you to act with a flashing red warning light on the windscreen along with an audible alarm. Moreover, this technology supports driver-initiated braking by pre-charging the brakes to quickly prepare for panic braking and help shorten the reaction time. If you don't react to the warning and a collision is imminent, the brakes will activate automatically.

* Included in the optional Technology Package

Driver Alert Control (DAC)*

Up to 90% of all traffic accidents are caused by driver distraction. Driver Alert Control is a unique technology that can help alert a tired or distracted driver at speeds over 40 mph. Using signals from a digital camera to monitor the road ahead along with data from steering wheel movements, DAC can compare erratic behaviour to your normal driving style. If DAC detects that you begin to drift within your lane, you receive an audible warning. At the same time, a message is displayed in the instrument panel suggesting it might be time for a break.

Lane Departure Warning (LDW)*

At speeds over 40 mph, Lane Departure Warning can help prevent single-vehicle road departures as well as collisions caused by temporary distraction. This function uses the digital camera to register the lane markings and help monitor the car's position on the road. If you weave out of your lane, LDW will alert with an audible signal. If you intentionally cross a lane marker using the direction indicators, LDW is not activated.

* Included in the optional Technology Package

SAFETY Preventive

City Safety

City Safety collision avoidance technology is a Volvo world-first standard feature for safer urban driving. At speeds up to 19 mph, this laser-based technology can sense if a vehicle in front within 20-25 feet is at a standstill or is moving slower. If City Safety senses an impending collision, the brakes are pre-charged to act faster on your response. And if you don't brake, City Safety automatically applies the brakes and switches off the throttle to help you avoid or mitigate a collision. City Safety is activated when you start the car, but can be switched off if you, for instance, are driving in deep snow.

Dynamic Stability and Traction Control (DSTC)

By helping prevent fishtails, spinouts, and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, sensors registers the car's direction and roll rate. The system compares this with steering wheel movements as well as the actual rotation of the car's wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine's power output, or braking on one or more wheels. Further developed in the XC60, this technology also adds to stability in dynamic driving where the vehicle is exposed to high lateral forces.

Intelligent Driver Information System (IDIS)

To help avoid distractions during critical driving situations, IDIS constantly analyzes your driving and will delay secondary information from the car or one of its onboard systems when it detects intense steering, braking or acceleration. As soon as things calm down the delayed information is presented.

Roll Stability Control (RSC)

In the event of an emergency maneuver, Volvo's Roll Stability Control (RSC) can step in to help prevent the vehicle from rolling over. It features a gyroscopic sensor that registers the vehicle's lean angle and rollover risk. If required, RSC will cut engine power or brake one or more of the wheels just enough to reduce the centrifugal force and help regain balance.

Adaptive brake light

Active at speeds above 30 mph, the adaptive brake light can sense the difference between normal and panic braking. If it is a panic situation, all the brake lights will flash at a rate of four times per second. Once your speed slows to below 19 mph, the lights stop flashing and hazard lights flash instead.

Dual Xenon Headlights with Active Bending Lights (ABL)*

Compared to conventional halogen headlamps, Active Bending headlights with Dual Xenon technology expand your vision range by about 230%. This means you'll be helped to gain 150 feet more for braking. And using motorised lamps that turn up to 15° in either direction, this technology gives a 90% boost to your vision round bends at night. You can enjoy highly effective low beam illumination on narrow, winding roads and extremely powerful full beams on the motorway. A daylight sensor disengages the adaptive function during daytime to extend its lifespan. Independent of the load, these headlights self-adjust to maintain the correct angle to the road – even during hard acceleration or braking.

* Optional

In a Volvo, safety is about interaction. Because it's not the number of safety features that determines how safe a car is. It's how well they seamlessly interact to help keep the occupants out of harm's way.

In a rear impact the rear deformation zones will help absorb crash energy. The fuel tank is designed to remain well protected in front of the rear axle. The head restraints help protect the neck and spine, and Volvo's unique Whiplash Protection System (WHIPS) cradles the front seat occupants in a controlled manner to help prevent whiplash injuries.

In a side impact Volvo's unique Side Impact Protection System (SIPS) helps distribute the crash forces across the car's body, away from the occupants. The side airbags in the front seats help protect the chest and hip, while the Inflatable Curtain (IC) adds head protection.

In a roll-over a gyroscope activates Volvo's Roll-Over Protection System (ROPS). The safety belt pre-tensioners deploy to help keep occupants more securely restrained, and the Inflatable Curtain (IC) helps provide head protection. Additionally, the safety cage is reinforced to help keep the passenger compartment intact.

In a frontal collision the patented frontal structure will yield to help absorb and disperse crash energy. The compact power train is designed to help optimize deformation. Inside the car, safety belts interact with the collapsible steering column and dual-stage airbags to help keep the occupants out of harm's way. Pre-prepared restraints – a unique Volvo technology – helps optimize the various restraint systems for expected crash force. A lower cross member helps protect occupants in an oncoming car with lower positioned bumpers.

SAFETY Protective

Restraint technologies

In a collision, Volvo's restraint technologies interact to help reduce the impact. The **safety belts with pre-tensioners** activate within a few thousandths of a second in the event of a collision or roll-over and tighten the belt to help keep the occupants securely restrained. The front seat safety belts then release a little so that the driver and passenger are cushioned by the airbags in a controlled manner. Helping to optimize protection, the **dual-stage airbags** adapt the level of inflation depending on the force of the collision. The driver's airbag also interacts with the deformation of the collapsible steering column. **Side airbags** in the front seats help reduce the risk of serious injuries in a side collision. In a collision or roll-over, the **Inflatable Curtain (IC)** helps protect the heads of both front and rear outboard occupants. It also stays inflated for some seconds to provide prolonged protection in multiple accidents. And to help protect children in the rear seat, IC interacts with the two-stage integrated booster cushions and the belt load limiters.

Whiplash Protection System (WHIPS)

Integrated in the front seats, Volvo's WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of a low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term invalidity by 50%.

Energy-absorbing frontal structure

In developing this Volvo's protective qualities, we have focused on frontal collisions at both higher speeds and with heavier vehicles. The patented frontal structure with its sizeable deformation zones in different kinds of steel will yield to help absorb crash energy. The compact power train is designed to help optimize deformation. The unique geometry of the frontal structure and longitudinal steel struts in the doors help disperse crash energy away from the front to the rear of the car, further helping to reduce the strain on the occupants. A steel cross-member under the dashboard further helps keep the cabin intact.

Side Impact Protection System (SIPS)

SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the car – including the front seats – is designed and reinforced to help displace the impact of a side-collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The extremely strong side structure contains ultra-high strength steel and softer grades of steel to help withstand a severe side impact – even with a larger vehicle. The Inflatable Curtain (IC) for all the outboard occupants and the front seat side airbags interact with the SIPS to help provide further protection. In the rear seat, the combination of extended IC and Volvo's integrated two-stage booster cushion with progressive safety belt load limiters helps protect children who have grown out of their rearward facing child seat.

SAFETY Security

Personal Car Communicator (PCC)*

PCC is an advanced remote control that combines keyless drive with two-way communication with your Volvo. Keep the PCC with you and the car unlocks automatically as you pull the door handle. Start the engine by pressing a button on the dash, lock the car by pressing a button in the door handle. Later in the day, if you're wondering whether you've locked the car, PCC can remind you; no matter where you are. On your return to the car – within a radius of 200 to 300 feet – pressing the PCC information button will give you a current report on its status. If the alarm has been activated.

* Optional

Power retractable door mirrors with ground lighting*

At the touch of a button, these door mirrors can be folded flat against the car where they are less likely to get damaged after you've parked. They also fold or unfold automatically everytime you lock or unlock the car. The integrated ground lighting is activated with the remote control or with the PCC. Beyond enhancing security to and from your car at night, this is also convenient when getting in and out.

* Only available with Blind Spot Information System (BLIS)

HomeLink*

With buttons integrated in the sun visor, HomeLink® allows you to operate remote controlled home appliances – such as garage door, home alarm and exterior lighting – without leaving the car.

HomeLink is a registered trademark of Johnson Controls Technology Company.

* Included in the optional Convenience Package

Approach and Home Safe Lighting

Activated with the remote control or Personal Car Communicator, Approach Lighting provides a warm reception on a dark night. This consists of interior and side lights – ground lighting too, if you choose it. Home Safe Lighting is activated with the headlight stalk as you leave the car and it provides a similar courtesy when exiting your car. This feature includes a dipped beam from the headlight to accompany you to your door.

COMFORT

A Volvo is always designed for more than one. Our technology aims to enhance the feel-good factor for everybody with the privilege of riding in a Volvo. And to further improve comfort and convenience, there's a range of clever equipment – customized for your Volvo and the people inside it.

COMFORT Seats

Power front seats

Find your perfect driving position with push-button ease. The driver's seat also incorporates a memory function that stores three separate seat and door mirror settings connected to a specific remote control – a feature that's appreciated when the car has several drivers.

Heated seats, front and rear*

Adjustable in three settings, heated seats for the driver and front seat passenger add to comfort on those cold mornings. And to enhance comfort for friends in the rear seat, this convenience is also available for the outer rear seat positions.

* Included in the optional Climate Package

COMFORT Climate

Laminated Panoramic Roof*

This exclusive Laminated Panoramic roof will further enhance the experience of air and light for everyone inside the Volvo XC60. The front section can be opened at the push of a button, either by sliding it over the rear part, or by tilting it in the rear end. To help maintain climate comfort on sunny days, there's a power operated roller curtain. Dark tinted laminated glass increases comfort and security. It also helps protect from UV radiation. For safety reasons, the design of the panoramic roof is optimized and the two-piece glass is laminated.

* Standard on T6 AWD, included in the optional Premium Package on 3.2

Electronic Climate Control (ECC)

Electronic Climate Control (ECC) maintains the cabin temperature you choose and can be set independently for the driver and front passenger. Furthering contributing to your health and comfort, Volvo's unique humidity sensor helps ensure cabin air has an appropriate level of humidity according to the outside climate.

Interior Air Quality System (IAQS)*

Volvo's IAQS continuously monitors incoming air and will, if necessary, temporarily close external air vents to shut out carbon monoxide, ground-level ozone and nitrogen dioxide. Meanwhile, an active carbon filter protects the occupants from other harmful gases and unpleasant odours. This helps to ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic and tunnels.

* Included in the optional Climate Package

COMFORT Storage

Front center armrest, multifunctional

The central aisle of the cabin incorporates several facilities. Two cup holders are concealed by a roll-top cover. There's a handy storage space beneath the armrest, and special recesses for small items. Folding back the upper part of the armrest will provide a convenient table for the rear seat passengers. The armrest also features an AUX input and a USB port to connect your MP3 player to the car's audio system.

Sun glass holder*

Fitted in place of any of the entry grab-handles in the front, this holder keeps your glasses or sun glasses within reach. Simply press the oil-damped cover and it opens up.

* Retailer Installed Accessory

TECH & SOUND

Employing the latest information technology, your Volvo is prepared to support and entertain you at a very high level. Surround yourself and your friends with world-class sound and enjoy the innovations that help ensure your command of the road and the pleasure of travelling.

TECH & SOUND Driver's support

Blind Spot Information System (BLIS)*

BLIS uses rear-facing cameras installed in the door mirrors to keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with a lamp built in to the front door post – left or right. Together with the door mirrors, BLIS helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

* Optional

Front and Rear Park assist*

Activated when you engage reverse gear, rear park assist helps you when reversing into tight spaces. The audio system is turned down and a pulsating sound from the rear loudspeakers becomes a continuous tone as you approach an obstacle. Front park assist performs a similar function at the front of the vehicle – alerting you via the front loudspeakers. The remaining distance is also shown on the audio display.

* Included in the optional Convenience Package

Rain sensor*

Once activated, the rain sensor can start the windscreen wipers as soon as it begins to rain or if water splashes onto the windscreen. For your convenience, it can also automatically adapt the intermittent windscreen-wiper function. Its sensitivity can be adjusted via a ring on the wiper stalk.

* Included in the optional Climate Package

Park Assist Camera*

If the car is equipped with Volvo Navigation and park assist, the camera helps display what's going on behind your car when backing up. The system uses the navigation screen and a camera discretely located over the license plate. On-screen guiding lines provide extra assistance for smooth parking.

* Included with optional Multimedia Package

TECH & SOUND Communication

Integrated Bluetooth® handsfree system

Bluetooth® technology enables a mobile phone to be connected to the infotainment system in your Volvo, wirelessly. Once configured for a mobile phone, the system automatically recognizes your phone as you enter the car. And as you climb in and out of the car, the system automatically allows you to switch freely from the phone to the handsfree system and back again.

The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

TECH & SOUND Audio/Entertainment

MP3 compatibility

There are a number of ways to enjoy MP3 music files in your Volvo. If you'd like to connect your personal MP3 player to the audio system, there's a standard auxiliary audio input in the front center armrest. Volume is conveniently controlled from the steering wheel, center console or rear seat audio console. There's also a USB port that allows you to fully integrate your iPod®, MP3 player or USB device with the audio system. Playlists, songs and artists are clearly displayed in the center console, while your player will be charged at the same time. The audio systems also feature a MP3 and WMA compatible CD player.

iPod is a trademark of Apple Computer Inc.

Volvo Navigation System (VNS) with RTT (Real Time Traffic)*

Volvo's GPS-based VNS navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts VNS also lets you know if there's weather-related trouble on route and recommends an alternative. The VNS system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic.

* Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

* Included in the optional Multimedia Package

Rear Seat Entertainment (RSE) with dual DVD players*

For more fun on long journeys, this easy-to-use system will entertain for hours. There are dual DVD players and dual 7-inch screens smartly integrated in the front head restraints. Each DVD player is conveniently operated by a rear seat passenger, and the screens can be adjusted in different angles to optimise image quality. The AUX sockets are within easy reach and make it possible to view a film on one screen and play games on the other. Sound is provided via the car's audio system or wireless headphones.

* Retailer Installed Accessory

SIRIUS
SATELLITE RADIO

Sirius satellite radio

Satellite radio is now standard in your Volvo with a 6 month complementary subscription. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

HD Radio™

PACK & LOAD

A world champion in versatility, Volvo has a proud heritage in providing smart solutions for both cargo and passengers – without compromising safety or comfort. So whatever you need to expand your world and the capabilities of your Volvo, here you'll find some practical equipment to make it happen.

PACK & LOAD Compartment

Three-split 40/20/40 rear seat

Ergonomically designed three-split rear seat provide generous support for the body during long journeys and flexibility when required. Lowering the entire center section provides ample space for loading long items. To provide multiple load configurations with a flat load floor, each of the three seats can be folded separately or together. What's more, the rear seats only take one step to maneuver.

Foldable front seat backrest

To help you carry long objects inside your Volvo, the front passenger seat backrest can be conveniently folded flat.

PACK & LOAD Compartment

Power tailgate*

The tailgate can be opened automatically three ways: with the remote control, using the switch on the dashboard, or by pulling the handle. To help minimise risk of injury, only a switch in the tailgate can be used to trigger automatic closing. Also, an anti-pinch strip around the tailgate opening can detect obstructions to help avoid pinching fingers and things.

* Included in the optional Convenience Package

Grocery bag holder*

This integrated holder unfolds from the load compartment floor and keeps your shopping bags and other similar items in place.

* Included in the optional Convenience Package

Load compartment mat, reversible and foldable*

Allows you to maintain the elegant appearance of the load compartment even if you occasionally transport dirty loads. With folded rear seat backrests, just fold out the mat to cover the entire load compartment floor. The mat is reversible and waterproof, with color-keyed textile on one side and plastic on the other.

* Retailer Installed Accessory

PACK & LOAD Carrying/Towing

Roof load carrying system

To help you fully utilize the roof of your Volvo, we've developed a range of versatile load carrying accessories. This system is dimensioned to carry up to 220 pounds. The roof rails make the load carriers easy to fit. Various load accessories – such as roof boxes and different holders for bikes, skis, surfboards and kayaks – can be attached to the load carriers to meet your needs. These accessories can be freely combined for flexibility and many are aerodynamically designed to help reduce fuel consumption and wind noise. And most of them can be locked with the same key, using Volvo's One-Key System.

Square profile trailer hitch

Because a towbar affects the performance of your car, even in a collision, our towbars are designed specifically for your Volvo. Choose between fixed and detachable. The detachable towbars unload at the back – all you see is the cover under the bumper. The car retains its elegant appearance and original length – so parking isn't made any harder. The towbar is lockable and easy to remove and replace when necessary.

Trailer Stability Assist (TSA)*

When towing a trailer or caravan, the Trailer Stability Assist can counteract so called snaking to help maintain stability. TSA continuously monitors oscillation tendencies and can help prevent these by braking one or more wheels to compensate. If this is not sufficient, or the driver ignores it, the braking will be on all four wheels and the engine torque will be reduced. TSA is active at speeds from 30 mph.

* Retailer Installed Accessory

SPECIFICATIONS

ENGINES

Six-cylinder, in-line, all-aluminum engines.

Double overhead cam-shafts, 24 valves with Variable Valve Timing (VCT). These engines also feature Variable Intake System (VIS) and Cam Profile Shifting (CPS) on the intake camshaft. Electronic engine management system. Three-way catalytic converter with heated oxygen sensor.

These highly compact, in-line, six-cylinder engines meet high expectations in terms of performance, comfort and environmental care. Their smooth running and responsive character provides a relaxed yet responsive drive at all speeds. Advanced engine technology, such as a new intake system, helps increase torque over a wide speed range and ensures power at high rpm. On the T6, twin-scroll turbocharger technology provides extremely quick turbo boost. And depending on your driving style and the situation, the intake valve train automatically switches between economy and performance modes to optimize efficiency. The engines' compact design aids safety performance in a frontal collision. The latest generation of fast response emission control technology ensures that the engines comply with stringent environmental standards such as California's ULEV II.

Volvo XC60 T6 AWD

Engine type: 3.0 liter in-line six-cylinder engine with Twin-scroll turbo
Max power output: 300 hp at 5600 rpm
Max torque: 325 ft./lbs at 1500 rpm
Acceleration: 0-60 mph 7.1 sec
Top speed: 130 mph
Fuel consumption: N/A
Environmental classification: ULEV II
Transmission: Six-speed Geartronic Automatic
Fuel tank: 18.5 US Gallons (70 liters)

Volvo XC60 3.2 (235 hp)

Engine type: 3.2-liter in-line six-cylinder engine
Max power output: 240 hp at 6200 rpm
Max torque: 236 ft./lbs. at 3200 rpm
Acceleration: 0-60 mph 8.6 sec
Top speed: 130 mph
Fuel consumption, MPG, mixed cycle: N/A
Environmental classification: ULEV II
Transmission: Six-speed Geartronic automatic
Fuel tank: 18.5 US Gallons (70 liters)

DRIVELINE

Six-speed Geartronic automatic transmission

For the best of two worlds, there's the six-speed Geartronic – a responsive automatic that's ideal for relaxed driving, tough conditions or towing. This also allows manual gear shifting so you can maintain a lower gear to bring up the revs or for the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces. This automatic also feature a sports mode for more active driving.

All wheel drive with Instant Traction™ *

The advanced Haldex AWD technology with Instant Traction™ helps increase driving stability and traction on all road surfaces. It has an electronic management system that constantly monitors the speed of the wheels, the throttle, engine torque, engine speed and the brakes. As driving conditions change, wheels with the best grip get the most power. When a tire loses traction, power is reduced to that wheel and instantly transferred to the more sure-footed wheels.

* Standard on T6. Optional on 3.2.

CHASSIS

The chassis is optimized for sporty and well-balanced handling with a high level of comfort. For the driver, an advanced multi-link rear and McPherson spring strut front suspension mounted on a rigid body with a low center of gravity translates into a feeling of being in command and in safe control. Generous ground clearance and short overhangs contribute to driveability on rough roads and even off-road.

STEERING

Speed dependent steering

Speed dependent power steering uses sophisticated, speed-sensitive technology to regulate the amount of power assistance a driver needs. At high-way speeds, steering is firmer and more immediate. When parking or in slow traffic, steering is light and effortless.

TAKING CARE OF YOUR OWNERSHIP NEEDS.

Volvo Leasing and Financing Offers:

Special offers are available to finance your new Volvo product through our preferred provider, US Bank. Whether you are looking for the convenience of a lease or the pride of owning your Volvo vehicle, our nationwide network of retailers and authorized financial service providers are ready to assist you with all your financing needs. Please contact your local retailer for details.

On Call roadside assistance

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

Volvo new car warranty

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

Complimentary Factory Scheduled Maintenance

Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2011 model year Volvo's sold new through Volvo retailers in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, is designed to compliment your Volvo warranty, and will help ensure trouble free operation of your Volvo. Coverage includes factory recommended maintenance including oil and filter changes, checks and adjustments as listed in your Warranty and Maintenance Records Information booklet, for the first four maintenance services at intervals of 7,500, 15,000, 22,500 and 30,000 miles

Service must be performed within 1,500 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items listed in the 2011 model year Warranty and Maintenance Records Information booklet. Normal wear items such as brake pads and wiper blades are not covered under the Complimentary Factory Scheduled Maintenance. An authorized retailer must perform maintenance. Offer is transferable. Optional Factory Scheduled Maintenance program upgrades are also available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

Volvo genuine service

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular

maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

Volvo mobility program

The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment. For those with exceptional transportation needs, this can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit www.volvocars.us/mobility. TTY users are invited to call 1-800-833-0312.

Personal shopper

The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

VOLVO OVERSEAS DELIVERY.

Volvo Overseas Delivery offers a unique way to buy your new custom-built car as well as a unique way to see more of Europe. And when you're done traveling, bring the pleasure of driving a Volvo back home. Purchase any new Volvo as part of the Volvo Overseas Delivery Program and enjoy all this – and more:

- Attractive pricing on US models.
 - Access to colors and certain features normally only available in Europe.
 - 15 days of international insurance and export registration included.
 - Two complimentary round-trip tickets with Scandinavian Airlines.
 - One free hotel night in Gothenburg, Sweden, the home of Volvo.

Volvo C70 A coupe when you need it to be.

TO LIVE LIFE IS TO CARE ABOUT IT.

Every moment in a Volvo is a moment designed to celebrate life. A life full of twists and turns, ups and downs; the little things as well as the big ones. Of course, to live life to its fullest isn't just about you; caring for others is important as well.

For more than eighty years we have helped save lives on roads around the world. Nevertheless, when it comes to improving automotive safety, we will never be satisfied. And while we're seeking new solutions, our existing safety systems are preventing many accidents from happening and providing some real protection when they do.

Our passion for life means looking after our children's children, too. Which is why we try to balance the needs of our company with those of society. With this bigger picture in mind, we develop engines and technology that have less impact on mother earth. This approach also explains why we pay so much attention to your immediate environment – in the car. Simply put, we care about you – and the whole circle of life.

THERE'S MORE TO LIFE THAN A VOLVO.

Volvo. for life

THAT'S WHY YOU DRIVE ONE.
