

**DAIHATSU**

# INTRODUCING THE DAIHATSU RANGE

THE AFFORDABLE ANSWER TO EVERYONE'S  
MOTORING NEEDS AND FOR A TYPICAL BUSINESS.

DESIGNED AND ENGINEERED IN JAPAN

# Sirion

It's a **fashion accessory** that never goes out of style.

If you've never met the Sirion, good news! You're about to meet your soul mate. Who wouldn't fall in love with this nifty little car which offers so much – like an engine that is one of the best designed, most fuel efficient in its class. A car with low emissions, and unbeatable interior room. Not to mention fuel consumption of 5.8l/100km\*. It's gotta be love.

# Terios

The family car that  
comes standard with  
**fun and adventure.**

Seriously, who needs to pay a fortune for a big 4x4 when the Daihatsu Terios offers it all! Not only is it spacious and extremely economical; its 1.5l Dynamic Variable Valve Timing engine is the most advanced in its class. It also offers 4x4 capabilities, allowing it to perform on road, off road, and on any pavement too.

# Gran Max

A perfect addition to your business, who doesn't mind a bit of **heavy lifting**.

When it comes to carrying a tough load, the Gran Max has it all. Like a cab-forward design specifically built to increase the load area and ability to work, with a 3-way dropside. It can also take a full ton, plus the chassis in cross section is reinforced for sturdy performance even under big loads. However, what we are really proud of, is its incredibly affordable price and Japanese reliability.
