

ECOSPORT

www.ford.co.za

Go Further

Discover more with the urban SUV.

The city can serve up plenty of challenges — potholes, burst water pipes, rough roads, you name it. That's why the **ECOSPORT** sits high off the ground so you can go over, rather than around obstacles. And it's just the right size and combination of power and efficiency for city driving.

There's no stopping you.

Like any SUV, an urban SUV is about getting you where you need to go. The **ECOSPORT** puts 200mm of ground clearance between you and the road, potholes, ditches or whatever else is in your way.

Come hell or high water.

Even if a bit of patchy road is the most you're anticipating, the **ECOSPORT**'s 550mm water wading capability makes sure you're ready for the unexpected.

All the right moves.

You want an SUV but your life is in the city. That's why the **ECOSPORT** is the perfect fit. Its right-sized design makes it easy to park and get around those narrow city streets.

Where function meets form.

Like a spicy meal without a cold drink to wash it down, fiery intensity wouldn't be much fun without a softer side. So all the **ECOSPORT**'s rugged SUV capabilities are complimented by the comfort of a sedan.

Adjustable steering wheel
The easily adjustable steering wheel adapts comfortably to your driving position.

Leather* seats standard on Titanium.
*Leather seats are a combination of leather and high -quality, durable materials.

Craftsmanship.
Stylish stitched furnishings and designer fabric trim round off the **ECOSPORT**'s interior.

Sleek from any angle.
The **ECOSPORT**'s clean lines and kinetic design will capture your attention.

Control your life, hands-free.

With SYNC®, it's easier than ever to stay connected while keeping your hands safely on the wheel and eyes on the road.

No clutter, no problem.

We're not big fans of fishing around in pockets or cluttered bags. The **ECOSPORT**'s smart storage design ensures that life's essentials are always easily within your reach.

You talk. SYNC® listens.

There's voice control and then there's SYNC®. It seamlessly connects your Bluetooth® and USB devices so you can make and receive calls, play your favourite songs, or have your text messages read out to you. Just say the words and SYNC® does the rest.

Easy-view display.

SYNC's® simple centre display gives you instant access to information like who's calling and what's playing.

Space that grows.

Fold down one of the 60:40 rear seats and you can transport long objects while still bringing along a few passengers. Fold them both down and your 705 litres of space becomes large enough to fit a 560-litre washing machine or something else more fun that fills your life.

Your music, your way.

You've spent all that time collecting and organising your favourite music. So whether it's an iPod® or USB device, with SYNC® you can play it all.

A place for everything.

It's a car. It's an organiser. It's the end of clutter. The **ECOSPORT**'s 21 storage spaces have all the features you'd expect, like side-door pockets and cup holders, as well as a few handy surprises like a glove box that doubles as an air-conditioned beverage cooler and a slide-out drawer under the front passenger seat. Even your sunglasses have their own space.

SYNC® standard on Trend and Titanium.

iPod is a trademark of Apple Inc.

Green, in any colour.

The **ECOSPORT**'s engineering and design is all about giving you more of what you need, and less of what you don't. That means giving you as many kilometres per tank as possible without compromising on responsive power. So you spend less time at the pump and more time on the road.

Feel the power, not the shift.

Ford PowerShift delivers the perfect combination between automatic convenience and manual efficiency. This 6-speed PowerShift automatic transmission selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. The manual mode lets you switch gears at the push of a button – no clutch required.

International Engine of the Year 2012, 2013 and 2014.

You'll be hard-pressed to find a better combination of fuel economy and power than the turbocharged 1.0 litre EcoBoost. This innovative petrol engine uses up to 20% less fuel than a traditional 1.6 litre petrol engine, yet still delivers the power you'd expect of a 1.6 litre, with full torque at just 1500rpm.

Fuel-saving aerodynamics.

The **ECOSPORT**'s urban design isn't just about style. It's also about saving you money. Little details, like the rear tail lamp kicker, improve the aerodynamics to limit wind resistance and use less fuel.

Safe travels.

Wherever your journeys take you, you can rest assured that the **ECOSPORT** has been fitted with some of the latest protective technologies designed to keep you safe. In all weather and all road conditions.

Exceptional handling and control.

With technology like Traction Control System (TCS) and Anti-Lock Braking System (ABS), the **ECOSPORT** reads and adapts instinctively to your drive. While Hill Launch Assist (HLA) stops the car from rolling downhill after you take your foot off the brake, giving you just enough time to smoothly accelerate away.

ABS standard across range. TCS standard on Titanium.
HLA standard on 1.5 PowerShift Auto only.

Airbags all around.

Equipped with front, side and curtain airbags, you're protected from every angle you can think of.

Rear Parking Sensors.

With the **ECOSPORT**, you won't have to pass by those challenging parking spaces. An audible warning helps you safely judge the distance between your vehicle and obstacles. This safety feature will assist the driver while reversing and parking.

A new standard of smart.

Built in to every **ECOSPORT** is smart thinking that goes a step further to make your life easier. Once you've experienced this level of driving, it'll be hard to settle for less.

Trip computer.

Want to drive smarter? The trip computer provides you with information like your average fuel economy, average speed, outside temperature and distance to empty, so you can continually improve your driving efficiency.

Auto Headlights.

Always-alert headlights detect when you need more light and switch on automatically. So go ahead, explore the nightlife.

Auto Headlights standard on Titanium.

Colour and trim.

Colour your world – brighten your future with an exciting range of trendsetting **ECOSPORT** colours. |

FORD CREDIT

As part of the Ford family, FORD **CREDIT** can offer a number of unique finance options to make owning a new or used vehicle affordable and simple. For more information regarding FORD **CREDIT**, speak to your Ford Dealer or go to www.ford.co.za/buying/ford-credit/home

FORD CREDIT

FORD PROTECT

Genuine parts. Genuine service.

Enjoy years of trouble-free motoring and preserve the value of your new Ford by fitting only genuine Ford parts and accessories. Servicing your new Ford at a Ford Dealer will also protect you and your vehicle warranty.

FORD PROTECT

Business and Commercial Fleet Customers.

The Ford portfolio of products is growing rapidly to meet your business needs.

Please contact your local Ford Dealer for more information
or visit our website www.ford.co.za/fleet
or alternatively email us at fleetsa@ford.com

Ford **Protect**

Ford **Protect** offers a holistic suite of service, maintenance, warranty and roadside-assistance products aimed at keeping your new **ECOSPORT** in perfect working condition.

New Vehicle Warranty – Every new **ECOSPORT** comes with a 4-yr/120 000 km Comprehensive Warranty.

Service Plan – Every new **ECOSPORT** comes standard with a 4-yr/60 000 km Service Plan, which covers all scheduled servicing except friction materials, i.e. brake pads and wiper blades.

Corrosion Warranty – 5-yr/unlimited km cover.

Roadside Assistance – 3-yr/unlimited km cover for mechanical, electrical, flat tyres, batteries, medical emergencies and towing, if needed, to the nearest Ford dealership.

New Vehicle Extended Warranty – An Extended Warranty may be purchased prior to the expiry of the 4-yr/120 000 km New Vehicle Warranty, giving owners an extra 2-yrs/80 000 km of worry-free driving.

Consult the vehicle handbook, Ford Dealer or www.ford.co.za for more info regarding Ford **Protect** plans.

CO₂ & Fuel Economy Note: The declared fuel consumption and CO₂ emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006 / ECE R101: 2005). Fuel consumption and CO₂ emissions figures are used to compare different vehicle types under uniform conditions and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors including individual driving habits, prevailing conditions and vehicle's equipment, condition and use.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Vehicles with smart intuitive technologies designed to connect your world, and many clever solutions from Ford that make life a little easier.
