

ASX

THE ULTIMATE CROSSOVER

ACTIVE. SMART.

The ASX, Active Smart Crossover, is a stunning looking vehicle which combines the benefits of a compact SUV – spacious interior, roomy boot and extra height to give you a better view of the road ahead – with the ease of driving and fuel efficiency of a smaller car.

This SUV is packed with exceptional safety features like 7 airbags (including a driver knee airbag), ABS, EBD and Brake Assist and has been awarded a 5-Star Euro NCAP Safety Rating.

The ASX range has a 5-speed Manual and an Automatic derivative with a fuel efficient 6-speed CVT gearbox. The GLX and GLS models both have a Keyless Operating System, Single-zone Climate Control and an enormous Panoramic Roof to take advantage of South Africa's true beauty.

CROSSOVER

Great visibility from the **HIGH RIDE HEIGHT**

7 AIRBAGS including a **DRIVER KNEE AIRBAG** - for all-round safety

Awesome 195mm **UNLADEN GROUND CLEARANCE** to ensure you can **CLEAR ANY OBSTACLE**, be it rough terrain in the bush or a pavement in the city

An **ENORMOUS PANORAMIC ROOF** to take advantage of South Africa's true beauty

2.0 MPi M/T GL • 2.0 MPi M/T GLX • 2.0 MPi CVT GLS • 2.0 MPi CVT GLS (With Rockford Fosgate® Sound Sytem)
THE PERFECT CROSSOVER VEHICLE TO FIT YOUR LIFESTYLE

SAFETY IN NUMBERS

7 Airbags
5-Star Euro NCAP Safety Rating

The ASX, with its high ride height and exceptional safety features, rises to the occasion for all city dwellers and family orientated individuals and ensures peace-of-mind whether you're travelling on city highways or crossing over to countryside roads.

Enhancing the ASX's safety performance, it comes fully equipped with:

- RISE (Reinforced Impact Safety Evolution) Body Construction
- 7 Airbags (Driver, Passenger, Seat, Side curtains, Driver Knee)
- ABS (Anti-lock Braking System) & EBD (Electronic Brake-force Distribution)
- Brake Assist
- TCL (Traction Control System) with Hill Start Assist*
- Side Impact Protection Bars
- Collapsible Steering Column

7 AIRBAGS including a DRIVER KNEE AIRBAG

*GLS model only

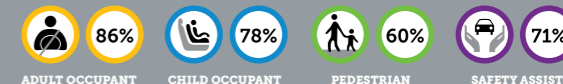

5-Star Safety Treatment

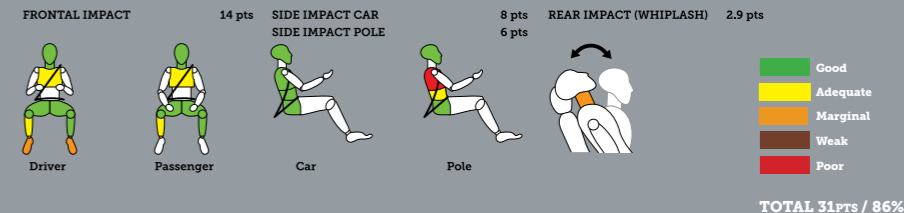

Euro NCAP recently awarded the Mitsubishi ASX with 5 out of 5 stars for its crash test performance! The SUV was put through collisions that simulated accidents including frontal, side, rear and pedestrian impacts. The results were then evaluated according to the injuries sustained by adult and child passengers. Finally, the vehicle's safety features were also appraised to sum up the vehicle's overall score.

2011

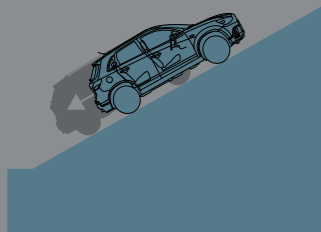

ADULT OCCUPANT

the anatomy of safety

HSC

Hill Start Control (HSC)

This technology makes it easier to start off up steep city streets by preventing the vehicle from rolling backwards. It maintains the braking force for two seconds giving you time to move your foot from the brake to the accelerator.

TCL

Traction Control System (TCL)

TCL helps maintain traction on slippery surfaces. When sensing loss of traction in an independent wheel, TCL applies braking force to that wheel and sends extra power and torque to the other wheels that have traction to keep you moving and keep you in control.

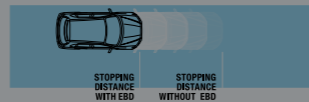

ABS

Anti-lock Braking System (ABS)

ABS allows the driver to maintain steering control of the vehicle, letting the driver manoeuvre around objects under heavy braking conditions.

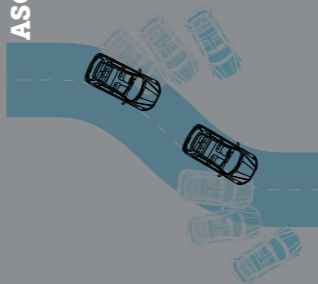

EBD

Electronic Brake-force Distribution (EBD)

This technology reduces stopping distances by detecting passengers or heavier loads and then automatically increasing the rear-braking force to deliver predictable and constant stopping performance.

ASC

Active Stability Control (ASC)

ASC maintains stability and control when cornering by automatically recognising under-steer and over-steer. It applies brakes to the appropriate wheels to keep you lined up through corners.

ENGINES

- The ASX range is fitted with highly advanced and economical petrol engines.
- The 1998cc, 4 cylinder Multi-point Fuel Injection engines produce 110kW@6000rpm and 197Nm@4200rpm, providing all the power needed to negotiate city streets, cruise highways or crossover to the great outdoors.
- With an incredible fuel economy of 7.5 litres/100km on the 2.0 MPi M/T and 7.6 litres/100km on the 2.0 MPi CVT, these models are the answer to high petrol costs.
- The 63 litre tank capacity results in you travelling more than 800km's on one tank of fuel; making your trip to far and remote places hassle-free.
- One of the features of this latest generation engine is 85% of torque (acceleration power) available at 2000rpm, resulting in better fuel efficiency and easier driving*.

*Fuel test conducted in a controlled environment

YOU'VE GOT THE POWER

smooth operator

The advantages of our CVT

- Better Fuel Consumption – Keeps the engine in optimum power range at all times.
- Lower Exhaust Emissions as these emissions are directly proportional to the amount of fuel used.
- CVT Gearbox provides a smooth gear change which results in a smoother ride.

impressive all-round performance

Excellent, class leading acceleration (0-100km in 9.6 secs). This is due to the better engine, better torque and better quality of the ASX. Reaching the highest top speed relative to its competitors, the ASX proves to be a leading performer.

Model	Power	Torque	0-100km	Top Speed	Fuel Consumption (Per 100km)
2.0 MPI M/T GL	110kW@6000rpm	197Nm@4200rpm	9.6secs	194km	7.5 Litres
2.0 MPI M/T GLX	110kW@6000rpm	197Nm@4200rpm	9.6secs	194km	7.5 Litres
2.0 MPI CVT GLS	110kW@6000rpm	197Nm@4200rpm	11.5secs	190km	7.6 Litres*
2.0 MPI CVT GLS (With Rockford Fosgate® Sound System)	110kW@6000rpm	197Nm@4200rpm	11.5secs	190km	7.6 Litres*

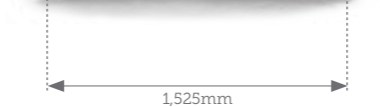

* Low Fuel Consumption due to advanced CVT

With plenty of power and low rpm torque, customers will experience:

- Better and smoother acceleration
- A more fuel efficient SUV
- Ample power (110kW@6000rpm) with an excellent fuel consumption figure
- Overall the ASX has good power and great fuel consumption, the result of better engineering, and makes it a better overall vehicle with better build and quality

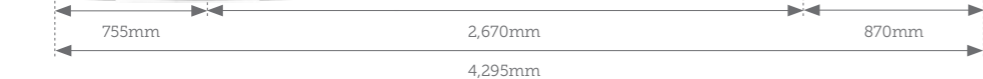

Wheel Turning Radius - 5.3m

195mm GROUND CLEARANCE (Unladen)

Gross Vehicle Mass = 1,970kg • Kerb Mass for M/T = 1,335kg & CVT = 1,365kg

BEAUTY IN THE DETAILS

The Multi-information Display

provides immediate information including:

- Fuel Levels
- Trip and Total Distance
- Average Speed
- Average Fuel Consumption
- Instant Fuel Consumption
- Outside Temperature
- Service Indicator

Multi-function Leather Steering Wheel

- With Audio Controls
- Cruise Control**

Rockford Fosgate® Premium Audio System*

- 710 Watts, 9 speakers
- 6 speakers (2-way speakers - one in each front door and two in each rear door)
- 2 tweeters
- Integrated 10" subwoofer

Keyless Operating System**

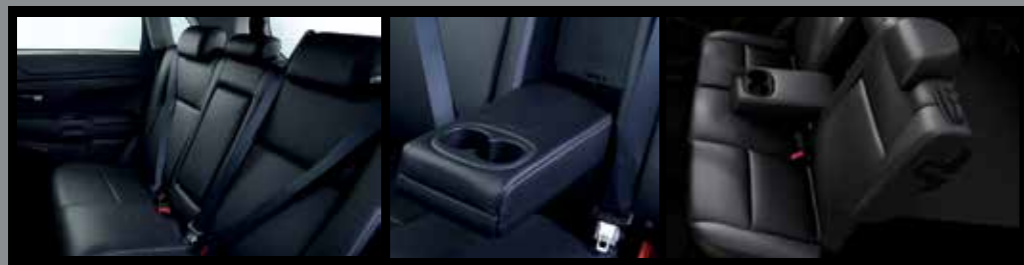

- Smart Key gives you complete keyless operation.
- ASX recognises the key within a 70cm radius. You can lock and unlock the doors and even start the engine with the touch of a button, all whilst the Mitsubishi Smart Key is tucked in your pocket or bag.

Enjoy uninterrupted views of the sky and stars**

- LED Lighting
- Retractable One-touch Cover
- Immerse yourself in your world while being safe from its dangers

*GLS (with Rockford) model only **GLX and GLS models only

SPACE FOR ANYTHING & EVERYTHING

60/40 Split Fold Rear Seats

- The seating of the ASX adapts to the size and shape of your luggage load.
- The versatile 60/40 Split allows you to carry bulky or odd shaped items with ease.

Backseat Armrest

- With Cupholders and a convenient pass-through for easy access to the boot.

ISO-FIX Child Seat Attachments

- Peace-of-mind for safety conscious families.

*GLX and GLS Models only

The easy-opening tailgate offers entry to the boot and, with no lip at the entry, is wide enough for easy loading and unloading.

The boot space (normally 442 litres with the seats in place) can easily be transformed to an enormous 1193 litres by folding the seats forward.

Suspension

Front

Independent, MacPherson Strut with coil spring and stabiliser bar.

Rear

Independent, Multi-link rear suspension with stabiliser bar.

With a steady stance and long wheelbase for a solid foundation, the ASX offers stable and predictable handling and enhanced ride comfort.

Wheels

Tyres

215/65 R16 & 215/60 R17** ensure a soft ride on all roads and give the ASX the durability for any off-road conditions.

16" and 17" alloy wheels provide the range with a beautiful rounded look.

The ASX offers exceptional control and will carry you smoothly over any bumps the road may throw your way.

PERFECT HANDLING
