

Innovation
that excites

NISSAN MICRA

~~WE MAKE PROMISES.~~ WE KEEP PROMISES.

INTRODUCING NISSAN ASSURED, IT'S MORE THAN A PROMISE. AS PART OF THE NISSAN FAMILY YOU'RE GUARANTEED OUR COMMITMENT TO CUSTOMER CARE. A LASTING BOND BETWEEN YOU, YOUR VEHICLE AND THE NISSAN BRAND. THAT'S OUR PROMISE.

CUSTOMER EXPERIENCE

We promise to make your Nissan experience one to cherish, from your delivery day and everyday after, our commitment is to deliver a service experience you can trust – and believe in.

CUSTOMER SUPPORT ROADSIDE ASSISTANCE

We keep you on the road 24/7. Should anything unexpected happen we guarantee you 24-hour roadside assistance, no matter the age of your Nissan, because it's still a Nissan. Just call **0800 NISSAN (46 77 26)** anywhere, anytime. Terms and Conditions do apply.

LICENCE RENEWAL REMINDER

We'll remind you in advance so you can keep your licence disk up to date.

3 YEAR OR 90 000KM SERVICE PLAN*

For the first 3 years or 90 000km of driving your car, whichever comes first, you can rest easy knowing that our promise to you is a kept one. We'll make sure your car is running smoothly and always on the road.

* Not standard on Micra.
Please discuss options with your Dealer.

6 YEAR OR 150 000KM WARRANTY

As long as your car is under our warranty, we'll always have you covered if anything goes wrong. You don't need to stress for the first 6 years or 150 000km, whichever comes first.

SERVICE AND REPAIRS FREE VEHICLE HEALTH CHECK

We'll give your car a free health check on every major and minor service prior to any work being carried out, so you know exactly what needs to be done, and how much it will cost.

COMPETITIVELY PRICED PARTS

We deliver the highest care for your Nissan by fitting only Nissan Genuine Parts. The expertise of our Nissan trained teams will also guarantee best value-for-money by finding the most competitively priced part for your local dealer.

COURTESY CAR

We will arrange a courtesy car for all warranty repairs should the components required not be available within 48 hours.

ONE SIZE FITS ALL

**NISSAN
ASSURED**
More than a Promise

WELCOME TO SIMPLICITY

Why complicate your daily commute when you can simplify it with the Nissan MICRA? Simply be on time. Simply know which way to turn. Simply feel comfortable. Intuitive, interactive: Nissan MICRA is a compact specialist. Like a concierge who always knows the best restaurants, or a courier who always finds the best shortcuts, Nissan MICRA knows how to handle the streets to make all your everyday trips easier.

At Nissan we've always designed our cars around your needs. The Nissan MICRA is no exception. Every innovation is designed to remove the challenge of congested driving, giving you a mobile sixth sense. So flow with traffic rather than against it.

THOUGHTFUL DESIGN

A leather steering wheel, insulated dashboard, audio at your fingertips:
Nissan MICRA has every high tech, premium detail thoughtfully designed
to increase your comfort.* Enjoy the unexpected pleasure of the
automatic air-conditioning system and the matrix display of
driving info behind the steering wheel.* The multi-functional
matrix display shows fuel consumption, driving range,
the outside temperature and you can programme
personal messages to make your passenger's day
as well!*

The unusual boomerang grooves** on the roof is an aerodynamic solution to reduce noise
at higher speeds. Normally there is a mass damper in the roof to do this job, but with the
boomerang groove the damper was not necessary.

COMFORT & INNOVATION

Lighter and more agile than ever, Nissan MICRA gets you there and back quickly and comfortably. Safer,
smoother handling, its compact form, comfortable and spacious interior is freshly designed to provide you
with everything you need for enjoyable, hassle-free driving.

REFINED IDEAS

The Nissan MICRA has been built to your needs, the modern car buyer. The Nissan MICRA approaches affordability through efficiency. Through exceptional efficiency and affordable parts the Nissan MICRA is competitively priced, not only at purchase but for its entire life.

1.2L 3 CYLINDER ENGINE

The Nissan MICRA 3 cylinder, 12 valve engine has less moving parts, reducing friction and thermal loss. Combined with a compact and light-weight engine design, greater fuel efficiency can be achieved.

REDESIGNED EXHAUST SYSTEM

The redesigned exhaust system enabled the deletion of the centre muffler, creating a light-weight structure with lower noise levels.

Emmissions g/km: The combination of the light weight platform and a selection of compact engines allow for low CO₂ emmissions (from 124g/km)* and low fuel economy (from 5.2ℓ/100km)*. Making the Nissan MICRA easy on your pocket and on the planet.

Engine	1.2ℓ	1.5ℓ
CO ₂ g/km	124	150
ℓ/100km	5.2	6.3

Weight: Developed and built on Nissan’s global V-platform, the Nissan MICRA is light, which allows for the use of smaller, more fuel-efficient engines. Weight reduction is further achieved by the redesigned exhaust system and the boomerang groove roof.

Engine: A first for Nissan is the new 1.2ℓ 3 cylinder engine. The compact and lightweight engine achieves maximum torque at low speeds as a result of higher air intake. This engine manages to reach superior noise and vibration performance, this is done by a number of curve and the cone shaped parts and using an unbalanced structure of Fly wheel and Crank pulley.

▲

SUSTAINABILITY

Nissan’s commitment to the environment
Nissan’s environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

* Applicable to Visia model.

SHORT TURN

Ingeniously designed, Nissan MICRA features the shortest turning radius in its class (4.64m), helping you get out of the tightest spots with ease. With a useful view downwards over the hood and the wide-screen vision ahead, you can look forward to clear-cut, street-friendly round trips every time.

Space is precious in the city, but there is plenty inside the Nissan MICRA. Compact on the outside and the airy cushion-comfort inside the cabin goes to surprising lengths.

The 265l boot space gets even bigger with the rear seats folded flat.

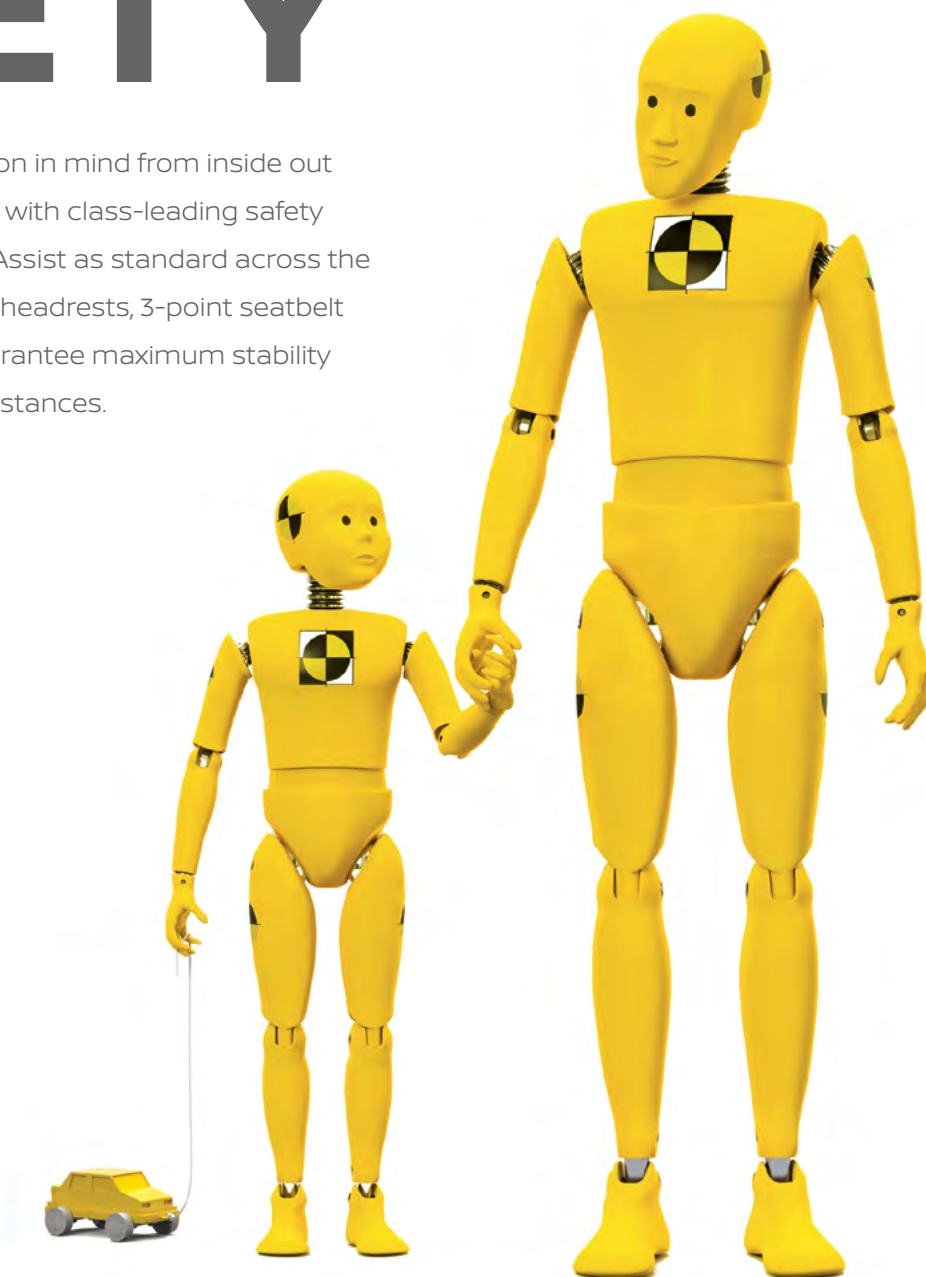

SPACE

Loaded with clever storage space, you won't have to hunt for your phone, favourite sweets or whatever else you like to have on hand at all times.

SAFETY

Nissan MICRA is designed with protection in mind from inside out for you and your passengers. Equipped with class-leading safety features including ABS, EBD and Brake Assist as standard across the range. On selected models 6 airbags, 5 headrests, 3-point seatbelt with pre-tensioner and load limiter, guarantee maximum stability and protection in unanticipated circumstances.

ABS

The Anti-lock Braking System limits wheel locking up to maintain control and stability should braking be pushed to the max.

6 AIRBAGS

Front, side and curtain airbags offer maximum cocooned protection to all passengers.*

5 HEADRESTS

All seats are fully equipped with headrests for optimum comfort and security.*

BODY ZONE

High strength safety body consists of a safety zone (high strength cabin) and crushable zones (impact absorbing body).

STOP LAMP

Centre high mount stop lamp provides a deceleration warning to following drivers.

* Features available on Tekna model.

SAFETY SHIELD

SAFETY SHIELD

In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances. Visit www.nissan.co.za to find out more.

◀ ACCESSORIES

The Nissan MICRA's thoughtful engineering and design ensures that you get a vehicle that already comes standard with all you need; Nissan offers you a range of accessories to help you tailor your Nissan MICRA to the demands of your lifestyle and make your driving experience even more enjoyable. You will have peace of mind knowing that they are Nissan quality approved.

NISSAN'S COMMITMENT TO QUALITY
To provide all customers with a consistently high level of quality, Nissan applies the standard worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.

LEGAL NOTICE
Every effort has been made to ensure that the content of this brochure is correct at the time of going to print (February 2017). This brochure has been produced featuring prototype or accessorised vehicles exhibited at motor shows and, in accordance with the company's policy of continuously improving its products, Nissan South Africa reserves the right to change the specification and the vehicles described and shown in this brochure at any time. Nissan Dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan Dealer to receive the most up-to-date information. Due to the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission from Nissan is forbidden. Quoted fuel consumption and emission values have been established using the prescribed method of measurement (United Nations Economic Commission for Europe "ECE" Regulation R101 in the current version) as required under current legislation. This data does not pertain to the specific vehicle and does not comprise part of the offer, but is supplied for the purpose of comparison between the various types of vehicles, in accordance with 1999/94/EC. Driving behaviour/conditions and other non-technical factors contribute towards a vehicle's fuel consumption and CO₂ emissions over and above the determined fuel efficiency of a vehicle.
