~~WE MAKE PROMISES.~~ WE KEEP PROMISES.

INTRODUCING NISSAN ASSURED, IT'S MORE THAN A PROMISE. AS PART OF THE NISSAN FAMILY YOU'RE GUARANTEED OUR COMMITMENT TO CUSTOMER CARE. A LASTING BOND BETWEEN YOU, YOUR VEHICLE AND THE NISSAN BRAND. THAT'S OUR PROMISE.

CUSTOMER EXPERIENCE

We promise to make your Nissan experience one to cherish, from your delivery day and everyday after, our commitment is to deliver a service experience you can trust – and believe in.

CUSTOMER SUPPORT

ROADSIDE ASSISTANCE

We keep you on the road 24/7. Should anything unexpected happen we guarantee you 24-hour roadside assistance, no matter the age of your Nissan, because it's still a Nissan. Just call **0800 NISSAN (46 77 26)** anywhere, anytime. Terms and Conditions do apply.

LICENCE RENEWAL REMINDER

We'll remind you in advance so you can keep your licence disk up to date.

3 YEAR OR 90 000KM SERVICE PLAN*

For the first 3 years or 90 000km of driving your car, whichever comes first, you can rest easy knowing that our promise to you is a kept one. We'll make sure your car is running smoothly and always on the road.

* Service Plan optional on NV200 Combi.

6 YEAR OR 150 000KM WARRANTY

As long as your car is under our warranty, we'll always have you covered if anything goes wrong. You don't need to stress for the first 6 years or 150 000km, whichever comes first.

SERVICE AND REPAIRS FREE VEHICLE HEALTH CHECK

We'll give your car a free health check on every major and minor service prior to any work being carried out, so you know exactly what needs to be done, and how much it will cost.

COMPETITIVELY PRICED PARTS

We deliver the highest care for your Nissan by fitting only Nissan Genuine Parts. The expertise of our Nissan trained teams will also guarantee best value-for-money by finding the most competitively priced part for your local dealer.

COURTESY CAR

We will arrange a courtesy car for all warranty repairs if your vehicle is in for more than 48 hours.

NISSAN ASSURED

More than a Promise

NISSAN NV200 COMBI

BUSINESS OR PLEASURE?

Introducing a vehicle that is so exceptional, you'll be pleasantly, and constantly, surprised every time you drive it. The Nissan NV200 COMBI is superbly compact and easy to manoeuvre out of any tight spot. Stylish and comfortable, the spaciousness and versatility of its interior means it's tailor-made to your business or your lifestyle. And its low cost of ownership and impressively economical engines make every journey a revelation. Business or pleasure? It's both.

NISSAN NV200 COMBI

LOOK THE PART - BUT BETTER

Admiring looks are always appreciated. And something you'll get used to when driving the Nissan NV200 COMBI. Its bold, sleek styling and assertive looks announce that you're on top of your game, whether it's transporting passengers safely or taking the family on holiday.

Step inside and you'll find the contemporary yet functional design extends inside and out. The driver's cabin is smart, exceptionally spacious and thoughtfully designed to ensure everything you need is highly visible and at your fingertips.

Bold, clear instrumentation, a raised multiple-adjustable driver's seat and numerous convenient storage spaces - including holders for drink bottles on both driver and passenger sides, large door pockets, and even a concealed drawer under the driver's seat - complete the picture of a vehicle created with convenience, safety and comfort in mind.

NISSAN NV200 COMBI

ALL WORK AND ALL PLAY

Slide open one of the Nissan NV200 COMBI's two sliding doors and another surprise awaits: the kind of interior spaciousness you would only imagine possible in larger vehicles. Add amazing versatility and you realise this is the vehicle that satisfies a multitude of requirements.

Seating up to 7 people, the modular seating in the Nissan NV200 COMBI creates a wealth of possibilities. Both the second and third row of seats are foldable, providing outstanding flexibility for either business or leisure needs.

Even when carrying the full complement of 7 people, the NV200 COMBI still has space for two large suitcases. Fold down the third row of seats and there's a full 2.3m³ of cargo space, while with both second and third row folded you can pack in an amazing 3.1m³ of cargo.

And its low floor height – just 524mm from ground level – means loading and unloading passengers or cargo is just that much more convenient. Work or play, the Nissan NV200 COMBI adapts beautifully.

*adjust the
space to suit
your needs*

*extra
spacious*

NISSAN NV200 COMBI

MORE SPACE TO PLAY WITH

The generously ample interior of the Nissan NV200 COMBI means there's even room to take extra wheels with you. The Nissan NV200 COMBI is the only vehicle in its class that can easily accommodate 3 bicycles without having to remove any of their wheels.

But it's not just bicycles that enjoy the benefit of extra space. We've made extra provision for knees too. Thanks to the clever design of the Nissan NV200 COMBI's interior, equal knee room space is provided for improved passenger comfort.

Space, comfort and flexibility – the Nissan NV200 COMBI has it all, and more.

*leg room for
everyone*

NISSAN NV200 COMBI

THE ONLY AREA THE NV200 COMBI SKIMPS ON

Whether you're using the Nissan NV200 COMBI for your business or your family, economy is always top of mind. With the Nissan NV200 COMBI, cost of ownership is kept low thanks to the quality and durability of build materials. Quite simply, the Nissan NV200 COMBI is built tough. Thanks to Nissan's excellent parts pricing the total cost of ownership is low and affordable.

The 2.8 inch multifunctional display provides a wealth of information and helps to reduce running costs by supplying average and real time fuel consumption data instantly, along with recommendations on when to change gear, allowing the driver to operate more economically. In addition, the display also informs the driver about maintenance timing, for optimal servicing, along with a tachometer.

But the Nissan NV200 COMBI's economy really stands out when it comes to fuel efficiency. Whether you choose the 1.6 litre petrol or the 1.5 litre turbo diesel engine, the Nissan NV200 COMBI has the power to transport your cargo smoothly and reliably wherever you need to go, together with a thrifty fuel consumption that delivers every time. Saving on costs isn't all the Nissan NV200 COMBI does - it also has lower CO₂ emissions for reduced environmental effect.

time info*

Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

SAFETY SHIELD PHILOSOPHY

PREVENTION AND PROTECTION COMMITTED TO SAFETY

Helps the driver to maintain comfortable driving

Even when a risk has not appeared, Nissan technologies make it easier for the driver to maintain safe driving conditions. Some of these innovations reduce the driver's burden, while others enhance visibility and awareness of the immediate surroundings at night and when parking, for example.

Helps the driver to recover from dangerous conditions to safe driving

When a risk appears, warnings and automatic countermeasures help the driver avoid it.

Helps minimize the damage when a collision is unavoidable

In cases when a crash cannot be avoided, additional Nissan technology helps reduce injuries and damage by activating the brakes, restraining passengers, and applying other measures.

Immobiliser

An engine immobiliser helps prevent unauthorised driving. Without using an electronically coded key in the ignition, the engine is disabled and prevents anyone else from driving off.

SAFETY SHIELD

SAFETY SHIELD

In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances. Visit www.nissan.co.za to find out more.

Seatbelt Pretensioners and Load Limiters

Front seatbelts are automatically tightened in certain frontal collisions, while load limiters are designed to give a little to absorb the belt force load transmitted to the front occupants.

Airbags

Dual front and side airbags will protect the driver and passengers in the case of a front or side impact.

Electronic Brake-Force Distribution (EBD)

Enhances braking control, to optimise braking performance with loads of various weights.

Anti-lock Braking System (ABS)

In the event of an emergency situation, ABS modulates the brakes to help the driver maintain stability and steering control as well as preventing the brakes from locking.

LEGAL NOTICE

Every effort has been made to ensure that the content of this brochure is correct at the time of going to print (September 2016). This brochure has been produced featuring prototype or accessorised vehicles exhibited at motor shows and, in accordance with the company's policy of continuously improving its products, Nissan South Africa reserves the right to change the specification and the vehicles described and shown in this brochure at any time. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Due to the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission from Nissan is forbidden.

Quoted fuel consumption and emission values have been established using the prescribed method of measurement (United Nations Economic Commission for Europe "ECE" Regulation R101 in the current version) as required under current legislation. This data does not pertain to the specific vehicle and does not comprise part of the offer, but is supplied for the purpose of comparison between the various types of vehicles, in accordance with 1999/94/EC. Driving behaviour / conditions and other non-technical factors contribute towards a vehicle's fuel consumption and CO₂ emissions over and above the determined fuel efficiency of a vehicle.
