

Innovation
that excites

NISSAN PATROL

~~WE MAKE PROMISES.~~ WE KEEP PROMISES.

INTRODUCING NISSAN ASSURED, IT'S MORE THAN A PROMISE. AS PART OF THE NISSAN FAMILY YOU'RE GUARANTEED OUR COMMITMENT TO CUSTOMER CARE. A LASTING BOND BETWEEN YOU, YOUR VEHICLE AND THE NISSAN BRAND. THAT'S OUR PROMISE.

CUSTOMER EXPERIENCE

We promise to make your Nissan experience one to cherish, from your delivery day and everyday after, our commitment is to deliver a service experience you can trust – and believe in.

CUSTOMER SUPPORT ROADSIDE ASSISTANCE

We keep you on the road 24/7. Should anything unexpected happen we guarantee you 24-hour roadside assistance, no matter the age of your Nissan, because it's still a Nissan. Just call **0800 NISSAN (46 77 26)** anywhere, anytime. Terms and Conditions do apply.

LICENCE RENEWAL REMINDER

We'll remind you in advance so you can keep your licence disk up to date.

3 YEAR OR 90 000KM SERVICE PLAN

For the first 3 years or 90 000km of driving your car, whichever comes first, you can rest easy knowing that our promise to you is a kept one. We'll make sure your car is running smoothly and always on the road.

6 YEAR OR 150 000KM WARRANTY

As long as your car is under our warranty, we'll always have you covered if anything goes wrong. You don't need to stress for the first 6 years or 150 000km, whichever comes first.

SERVICE AND REPAIRS FREE VEHICLE HEALTH CHECK

We'll give your car a free health check on every major and minor service prior to any work being carried out, so you know exactly what needs to be done, and how much it will cost.

COMPETITIVELY PRICED PARTS

We deliver the highest care for your Nissan by fitting only Nissan Genuine Parts. The expertise of our Nissan trained teams will also guarantee best value-for-money by finding the most competitively priced part for your local dealer.

COURTESY CAR

We will arrange a courtesy car for all warranty repairs if your vehicle is in for more than 48 hours.

NISSAN ASSURED

More than a Promise

or visit www.nissan.co.za for more information.

THE VEHICLE THAT KNOWS NO BOUNDARIES

The Nissan PATROL is a compelling package of muscle and sophistication, combining legendary power, superior comfort and authentic off-road capability.

Imposing looks and bold styling make a big impression outside, while high standards of refinement are found inside. Unstoppable power and torque allows you to get into and out of tough terrain with ease, bringing a satisfying new perspective to all your pursuits. Experience it. Push boundaries and shift the limits of off-road adventure. No hesitation.

ONE WAY

NO HESITATION

Tough. Rugged. Powerful. And willing to go wherever and beyond with high performance petrol and turbo diesel models.

The proven durability of Nissan engine technology in the 4.8 litre petrol engine has been refined and perfected to take top honours in the most gruelling international off-road motorsport events. The best of both manual and automatic transmission are available in the GRX model with an automatic transmission with manual switch mode, allowing you to take full advantage of fuel efficient high speed highway cruising in the automatic mode and complete control with the technical off road environments where specific gear selection is critical.

Matched to a five speed manual transmission, the 3.0 litre direct injection

turbo diesel model with intercooler offers unstoppable power and torque to get you into and out of tough spots, along with the benefits of diesel fuel economy that feels refined and relaxed even when you're engaged in serious towing.

Turn off the beaten track and shift directly from 2WD to 4WD on the move. The free-running hubs engage automatically when 4WD is selected for extra traction. Choose high ratio for slippery sand or mud, or low ratio for treacherous terrain and really steep climbs or descents. You can also lock the rear differential to distribute torque evenly between the rear wheels for maximum grip in axle-twisting situations.

Experience it. No hesitation.

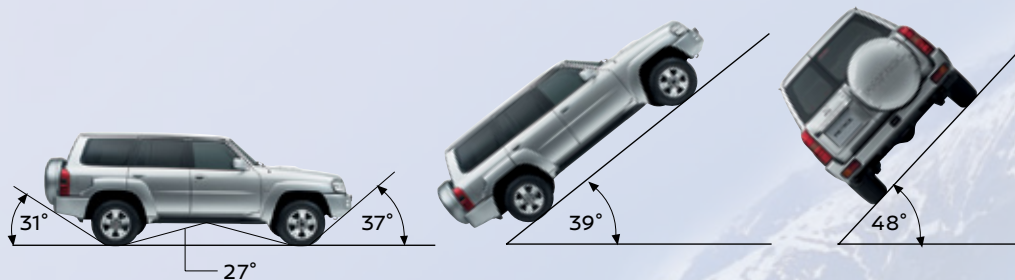

PICK A DESTINATION.

ANY DESTINATION

When the going gets tough, get going in a Nissan PATROL. Climb a 39° gradient. Wade through 700mm of water. Taking the rough with the smooth, the Nissan PATROL's all steel body on a strong ladder frame chassis, highly articulated suspension and flexible four-wheel drive system make it relentless. On-road and off.

Its superior handling is enhanced with all-round, multi-link suspension, which provides reassuring high-speed stability with a calm and supple ride on-road. Heavy-duty coil springs smooth out the bumps and boulders for excellent durability and ride comfort. With telescopic front and rear shock absorbers and stabiliser bars for improved cornering, and you get the confidence that comes with authentic off-road power and performance.

The Anti-lock Braking System (ABS) detects what sort of surface the Nissan PATROL is on, and automatically adjusts itself to best handle the situation should you have to brake suddenly. What's more, the actual construction of the Nissan PATROL is geared towards safety and ride comfort – whatever the ride. With a low centre of gravity, solid axles, a proven wheelbase, responsive steering and a surprisingly tight turning circle, driving the Nissan PATROL is a comfortable experience, whatever the terrain.

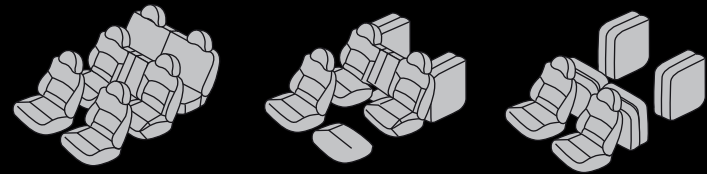

TOUGHING IT SHOULDN'T MEAN ROUGHING IT

A two-tone finish complements the curvy dashboard, with a 4 dial instrument panel that's easy to read at a glance. The seats have been redesigned to provide greater comfort and support. Revel in the indulgence of leather trim, brushed aluminium dial surrounds and a classic woodgrain effect. All passenger-facing surfaces incorporate soft-feel material, which enhances the cabin. Add an aircon, in-dash Radio/CD, cruise control* and a sunroof*, and you get an interior that'll take you through the harshest terrain in style.

Space and seating were designed with comfort and adaptability firmly in mind. With up to 2 226 litres to swallow whatever equipment or luggage you may need, load space is something you'll never have to worry about again. Then there's the highly adjustable rear seat configuration - seven seats, three rows, split, reclining, folding... armrests, cupholders, and deep door pockets cater for your family's every need and comfort.

Navigation with Bluetooth and USB optional.

*Available on GRX model

BUILT FOR SAFETY

A Heritage of Advancing Safety

When you climb into your Nissan PATROL, you can be assured that everything from the body to the headlights has been designed with your safety in mind.

The legend of the Nissan PATROL has been inspired by the ruggedness of its immensely strong, separate ladder chassis, all-steel body with extended and reinforced crumple zones and steel anti-intrusion bars. The entire framework of your Nissan PATROL is designed to reduce the effect of primary and secondary impact.

Four Ventilated Brake Discs

Apart from the framework of your vehicle, each Nissan PATROL is fitted with large diameter ventilated brake discs. This allows heat to be dissipated rapidly to improve braking action, diminish brake fade and enhance the life of your brakes.

Illuminated Halogen Headlights

For improved safety during night driving, illuminated halogen headlights give you reassurance and the extra reaction time that you need to pick out road signs or hazard warnings when you're off the beaten track or navigating an unfamiliar highway.

Safety Shield
In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances.

SAFETY SHIELD

COLOUR

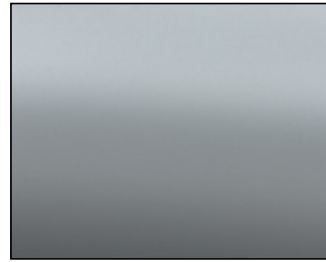

With a choice of engines and transmission modes, a range of colours and a wide variety of approved Nissan Genuine Accessories to stretch the potential of your Nissan PATROL even further, get ready to make the most of each and every opportunity for adventure. No hesitation.

Nissan's commitment to quality

To provide all customers with a consistently high level of quality, Nissan applies the same standards worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: First, the expectation of a smooth driving experience with complete peace of mind. Second, the intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. Third, the level of attentiveness and service during the sales process, and long after the sale is concluded.

Nissan's commitment to the environment: Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

MODEL		3.0 TD GL 4x4 M/T	4.8 Tiptronic GRX 4x4 A/T
