This is Amarok

The new Pickup by Volkswagen

It's time to go beyond what you know in the all-new Amarok; built for an all-new world. The worlds of capability and comfort merge seamlessly, as the new Amarok allows you to blaze new trails with ground-breaking offroad ability, while a host of stylish and new, innovative features make the new Amarok feel as premium as it is powerful.

Get inside and experience what it feels like to unlock all-new terrain: the 4-Motion selectable 4-wheel drive systems and 3.5 tons of towing capacity are some of the features that will help you get there, while the plush leather interior and Harman Kardon sound get you there in style.

Take on your next adventure in a vehicle that combines comfort with capability, and power with precision. With a range of innovative features and styles to compliment your journey, you'll find your fit in the new Amarok range.

Design that dominates

The new Amarok was designed with one core purpose in mind: to help you conquer whatever terrain you encounter as you explore a new world. Improved dimensions like a 1.2 m load compartment width gives you the ability to add more to your world, while a higher slope angle and improved ground clearance makes for improved off-road capability.

The new Amarok's performance is punctuated by powerful contours that define its all-new, modern design, while a redesigned radiator grille, IQ. Light technology and wheels up to 21" remind us that style and capability go hand in hand when opening your world in the all-new Amarok.

The new, charismatic grille and front is the ultimate bold statement with the undeniable Volkswagen DNA woven into it. This distinctive design aesthetic continues into the bars which run horizontally across the radiator grille with the concisely integrated LED headlights which come standard in all Amarok models.

Sporting a new static roof load capacity of 350kg, the new Amarok gives you the freedom to open your world. From setting up camp wherever your heart desires with a rooftop tent, or carrying an extra load for those long adventures, it's all waiting for you in the new Amarok.

Design features of the new Amarok:

- 100% all-new Volkswagen DNA
- IQ. Light LED headlights and LED tail lights
- Wheels 16"/17"/18"/20"/ 21", all-terrain tires up to 18"

Engineered to enthrall

From the outside right into its cabin, the all-new Amarok radiates confidence and prowess whichever way you look at it. A premium and stylish interior adds character, while its progressive design reminds you that there's more than enough in the all-new Amarok to help you reach your destination in comfort and style.

The Amarok range spans across 5 variants: the Amarok, Amarok Life, Amarok Style, Amarok PanAmericana and the Amarok Aventura.

The new Amarok

The entry level Amarok models have been bolstered with a host of technologies and features (model dependant) such as electrically foldable side mirrors, LED headlights, curtain airbags, 10-inch diagonal colour touch-screen infotainment system, wireless app-connect and trailer hitch and rear locking axle that gives you enhanced driving comfort and capability for the ultimate off-road experience.

Built for the business enthusiast, discover the power of practicality in the new Amarok Single Cab with a maximum payload of 1.2 tons and load bin compartment width of 1.2 meters. Personalise your driving experience in the Amarok Single Cab which comes equipped with Normal, Eco and Slippery driver profiles, fit for any road you choose. Be seen and see more with fully fitted LED headlights and Daytime Running Lights, both come standard in the new Amarok Single Cab. Tough enough to handle it all, the new Amarok Single Cab boasts ample storage in the load bin, paired with six tie-down hooks and integrated cargo lights on the sides. Business calls in the Amarok Single Cab.

The Amarok Life

The Amarok Life is the reliable companion for anyone who appreciates comfort without sacrificing off-road capabilities. Whether it's the 17-inch Combra alloy wheels, leather-wrapped multifunction steering wheel, electronic parking brake, the ability to lock the tailgate via the remote or park distance control with rear-view camera that appeal to you, the Amarok Life has everything you need to lead the life you want.

The Amarok Style

Style with substance, that's what you get in abundance with Amarok Style. With alluring features like chrome styling bar, 18-inch Amadaro alloy wheels, auto high-beam Light Assist, keyless entry, electric front seats and 12-inch diagonal colour touch-screen infotainment system to go with its modern design, the Amarok Style is impossible to ignore.

Style and comfort with the looks to go are all part of the package in the Amarok Style with features like the Savona leather seats which come heated in the front and on specified models a Comfort Pack which includes 20-inch Bendigo alloy wheels, load bed liner, tonneau cover and cargo management system.

The Amarok PanAmericana

The Amarok PanAmericana makes its presence felt from the moment you see it. Geared for the off-road inside and out, its hunger for offroad terrain can be seen through its robust and rugged, yet premium design.

The Amarok PanAmericana is a true icon making its presence felt wherever it pulls up with black painted 18-inch Amadora alloy wheels or 20-inch Bendigo alloy wheels on specific models. The Amarok PanAmericana is a beautiful beast with exciting features such as dark matte grey accents, IQ. Light LED headlights, LED tail lights, black tubular styling bar, silver roof rails, Harman Kardon sound system and Cricket leather seat upholstery. Electric roller cover and cargo management system for the load bed is available on specified models. To compliment this the PanAmericana shares a host of driver assistance systems with the Amarok Aventura.

The Amarok Aventura

IQ. Light LED headlights, an exclusive X-design, eye-catching chrome finishes on the mirrors and door handles, 21-inch Varberg alloy wheels, sports bar, silver roof rails and electric roller cover for the load bed which includes a cargo management system are all included in the lifestyle orientated Aventura.

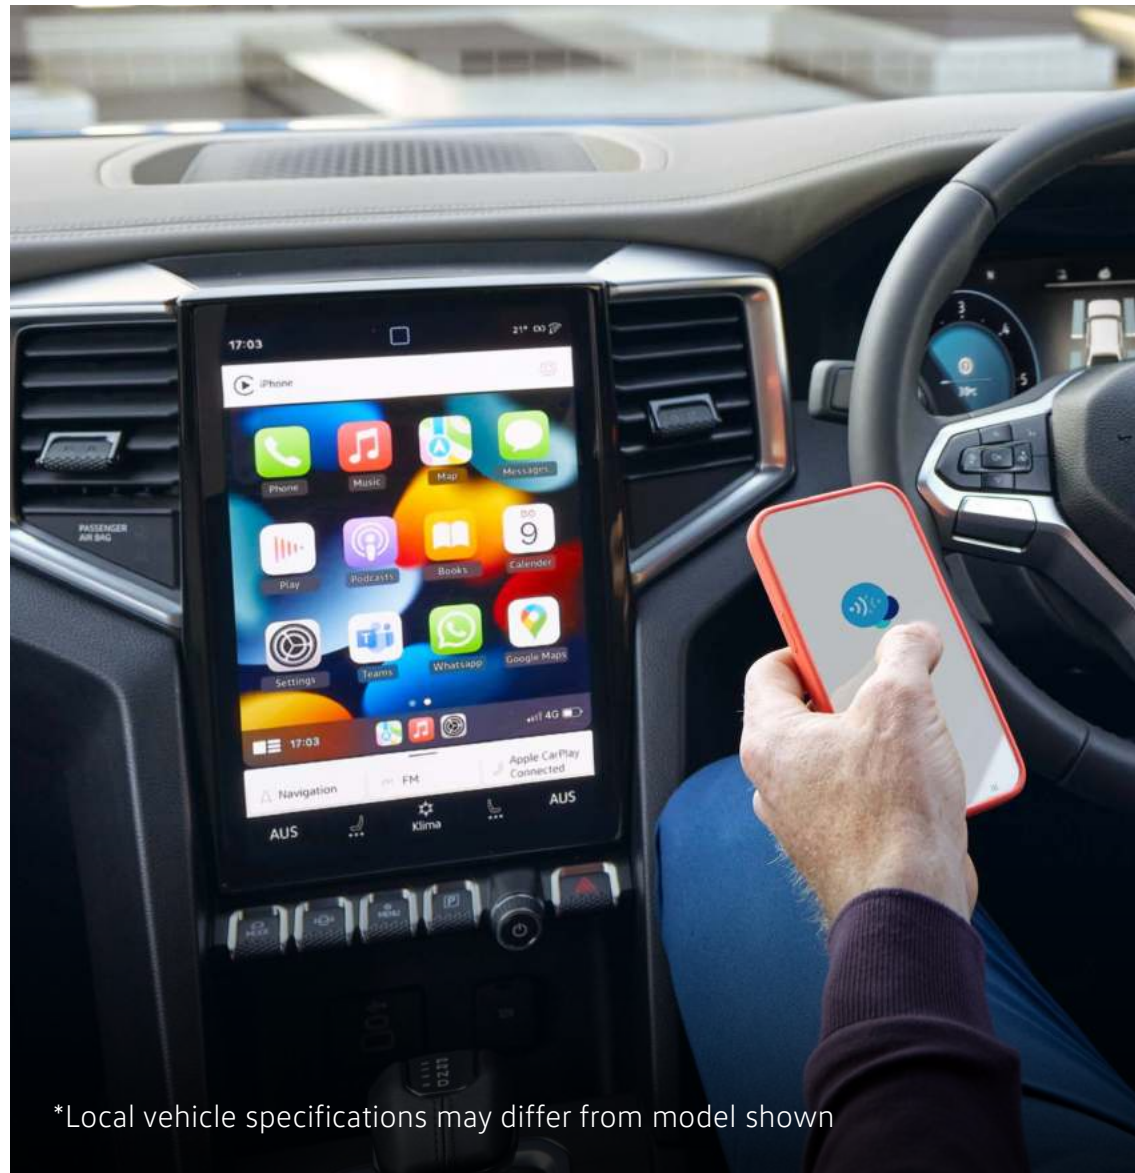

Standard advanced driver assistance systems like rear cross traffic alert, Park Assist: parking and steering assistant, Front Assist including Autonomous Emergency Braking, Adaptive Cruise Control with Traffic Jam Assist, Area View 360° camera, Fatigue detection, Evasive Steering and Blind Spot Monitoring not only give you a stylish drive but a smooth one too.

Experience top of the range driving like no other with Savona leather seat upholstery, navigation system, ambient lighting and the impressive Harman Kardon sound system – The Amarok Aventura is an adventure with a premium finish.

Discover a new world at a touch of a button

Step inside and immerse yourself in premium comfort as you head out and explore all-new paths.

*Local vehicle specifications may differ from model shown

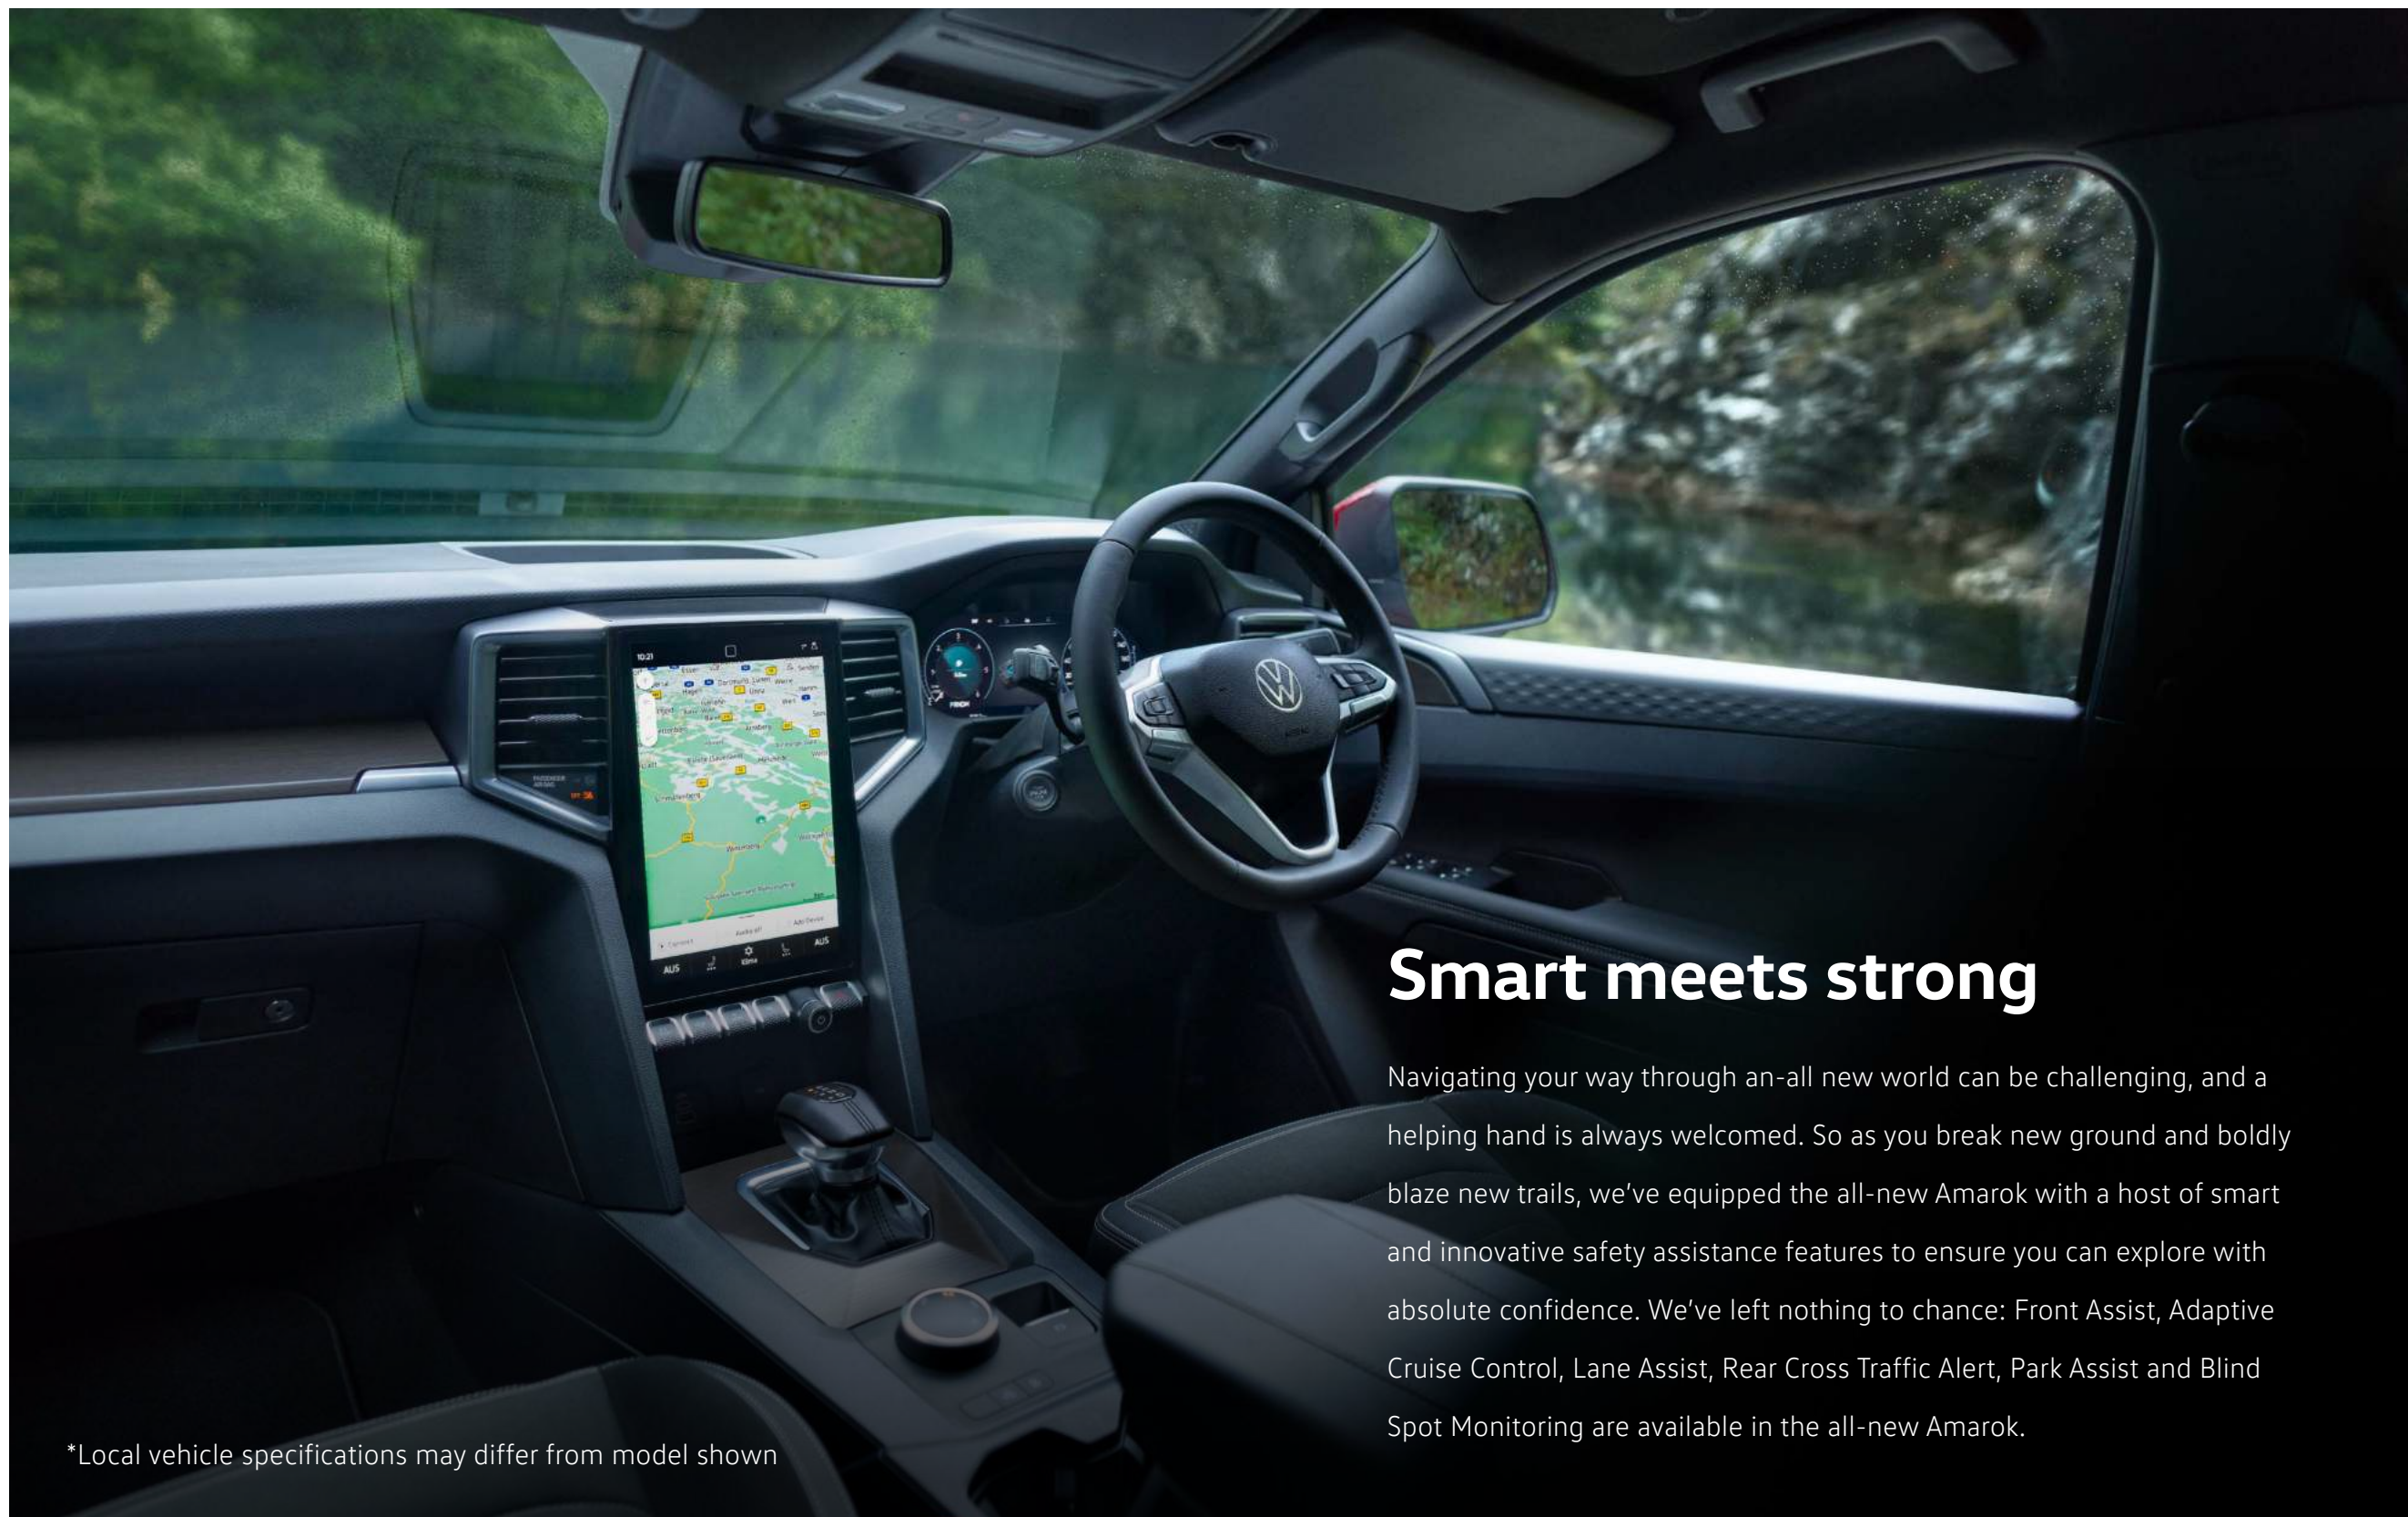

The colour touchscreen infotainment system with navigation helps you navigate your way through every journey, while dual-zone automatic air-conditioning, electrically adjustable seats, inductive charging and Active Info Display for the instrument cluster give you all the comforts you need to discover new frontiers.

Keyless entry and push start makes forging a new path even more effortless, whilst Hill-descent control and Adaptive Cruise Control with Traffic Jam Assist ("stop and go" feature) makes sure you're always in control.

Easy on the eye, tough on the terrain

Smart, sophisticated, sleek. These are just some of the words you could use to describe the all-new Amarok's modern design, but when the time comes to dig deep, you'll see the new Amarok has what it takes to power through with new features like its 800mm fording depth, 300mm more than the previous Amarok.

Smart meets strong

Navigating your way through an all-new world can be challenging, and a helping hand is always welcomed. So as you break new ground and boldly blaze new trails, we've equipped the all-new Amarok with a host of smart and innovative safety assistance features to ensure you can explore with absolute confidence. We've left nothing to chance: Front Assist, Adaptive Cruise Control, Lane Assist, Rear Cross Traffic Alert, Park Assist and Blind Spot Monitoring are available in the all-new Amarok.
