

New Golf

Volkswagen

Discover the most technologically advanced Golf yet.

Volkswagen not only sets the bar for premium hatchbacks but raises it with each generation of Golf. With advanced technology and compelling innovations, the new Golf range is in a league of its own, solidifying its legendary status even more.

New Golf

NEW GOLF

The iconic all-rounder.

Golf is one legend that always delivers. And with a formidable reputation that precedes itself in a big way, the new Golf is versatile and destined to remain an icon for years to come.

A drive to remember.

Golf epitomises automotive excellence with a new TSI engine range, enhanced safety features and improved driver assistance systems. Powered by the next-generation TSI engines, a substantial increase in torque and improved fuel consumption, the Golf truly shines on the road.

With driving innovations like Active Info Display, Blind Spot Detection, Rear Traffic Alert, Trailer Assist and Adaptive Cruise Control with Front Assist and Autonomous Emergency Braking, Golf is reborn and will make you fall in love with driving again.

Moving with the times.

In a world where technology is evolving every day, the future-ready features available in Golf allude to the start of a new era for Volkswagen. Whether you want to make phone calls, listen to your favourite tracks, navigate to your destination or plug in your smartphone to App-Connect, Golf has made high-tech easier. The optional 9.2" Discover Pro touchscreen features Gesture Control which senses your hand movements and reacts even before you touch. Now you can swipe through menu options, tracks and browse radio stations with a swish of your finger. It's clear that the new Golf is more than just a car - it's the future of driving.

The legend is looking better than ever.

Golf features new LED-technology, creating a modern appearance that will make you look good while turning corners... and heads.

Keeping the Golf firmly on the road are alloy wheels that come standard across the range: the Trendline features 15" Lyon alloys, while the Comfortline receives new 16" Hita alloys.

Go for R-Line.

An optional R-Line Exterior Package is also available, including an R-Line front bumper with C-signature air curtains and rear bumper with integrated diffuser. Sill extensions in gloss black, pronounced roof spoiler and exclusive 17" Madrid alloys complete the authoritative look of the R-Line Package.

GOLF GTI

For the love of the GTI-Forces.

The road is calling and the new Golf GTI is the perfect answer. What better way to have fun?

The adrenaline junkie.

Experience ultimate performance that will leave nothing but your breath behind. Featuring an upgraded 169kW TSI GTI 6-speed DSG® engine accelerating from 0 to 100km/h in 6.4 seconds, the Golf GTI is a force to be reckoned with, defining a whole new era of high performance cars.

GT-eye candy.

The Golf GTI is aerodynamically fine-tuned with C-signature air curtains while retaining the familiar red chrome strip that extends into the new standard LED headlights featuring high-beam light assist. The aggressive styling is emphasised by the red GTI accents and honeycomb grille design.

At the back, the rear bumper sports a new integrated diffuser with GTI-styled twin pipe exhaust that exudes power, Dark red LED taillights with flowing indicator lights and all-new striking 18" Milton Keynes alloys complete the turbocharged look.

GOLF GTD

The best diesel drive yet.

There's a first time for everything. Golf GTD is making its debut in South Africa and the turbocharged diesel is coming to a fast lane near you. Experience a shot of pure adrenaline with 130kW of power and 350Nm of torque. With the performance of a GTI and the fuel economy of a diesel, it's the perfect combination.

ew Golf GTD

Because first impressions count.

Guaranteed to turn heads, the Golf GTD epitomises sportiness and dominance with its sleek design. The Golf GTD's interior is dressed to impress with Vienna leather* sports seats, to the stainless-steel pedals and stylish 18" Sevilla alloy wheels.

For the journeys that continue long after the sun has set, the Golf GTD's LED headlights and LED taillights with flowing indicator lights contribute to exceptional visibility in distinctive Golf design. The Golf GTD is aerodynamically fine-tuned with C-signature air curtains in black and air intake grille in a honeycomb pattern.

* A combination of leather and high quality durable materials.

Where power meets efficiency.

Experience power and efficiency like never before. Get a shot of pure adrenaline with 130kW of power and 350Nm of torque. The Golf GTD is the younger, fuel-efficient brother of the GTI with a fuel combined cycle of only 5.3L / 100km**. So, with the performance of a GTI and the fuel economy of a diesel, it's the perfect combination.

Fuel consumption and CO₂ emissions values were obtained in accordance with the prescribed uniform measuring standard (SANS 20101: 2006 / ECE R101: 2005 in its currently applicable version). The verified values do not apply to a specific vehicle and do not constitute part of the product offer. They are provided solely for the purposes of comparison between different vehicle models. Because of the need to maintain strict comparability of results achieved by the standard tests, they cannot be fully representative of real-life driving conditions. Variations in driving styles and in road, vehicle and ambient conditions, will have a bearing on the results achieved on the road. For these reasons consumption achieved on the road will not necessarily accord with these verified values. Based on lightest variable (no options) and 90% tank filling. Weight may vary depending on options fitted to vehicle.

THE LEGEND

It's R-Rated

The new Golf R is the perfect formula for explosive power and performance, adding up to a spine-tingling explosion of driving pleasure. Thanks to the turbo-charged TSI 7-speed DSG® engine with 4MOTION® all-wheel drive, the Golf R is ready to unleash 213kW of explosive power. With standard LED headlights, featuring high-beam light assist, a four-pipe exhaust system, Active Info Display and Panoramic Sunroof, the Golf R is unapologetically fierce, demanding respect wherever it goes.

A force to be reckoned with.

From the race track to the road, get ready for an assault on your senses. Thanks to the next generation turbo-charged 2.0 TSI R 7-speed DSG® engine with 4MOTION® all-wheel drive, the Golf R is ready to unleash explicit fury. With its Motorsport styled bumpers, featuring a sporty air-intake grille with C-signature air-curtains in gloss black, new 19" Spielberg alloy wheels with black brake calipers featuring the R-logo and a honeycomb-patterned rear diffuser in gloss black incorporating a 4-pipe exhaust system, you'll see the power before you feel it.

Accompanying all these abilities is a host of intuitive driver assistance systems and safety features that will give you the peace-of-mind you need to stay in control. A Blind Spot Monitor with Rear Traffic Alert, Adaptive Cruise Control with Front Assist and Autonomous Emergency Braking will keep you confident and ready to conquer the road ahead.

R-rated innovation.

Get ready for a triumph of innovation with a full suite of connectivity at your fingertips. You can expect iPhone-compatible smartphone integration with App-Connect, an 8.0" touchscreen Composition Media radio/CD System, Bluetooth and USB interface for iPod/iPhone. The optional 9.2" Discover Pro features Gesture Control that senses your hand movements.

The standard Active Info Display offers numerous virtual interactive functions. Navigation information can be displayed in 2D and 3D. Select from the profiles "Classic", "Consumption & Range", "Efficiency", "Performance and Driver Assistance" & "Navigation". The Golf R proves it's as technologically advanced on the inside as it is under the hood.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive sedan? Open top cruiser? Whatever it is you're looking for, we probably have it. From the powerful Golf GTI to the compact up!, there is a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there's bound to be at least one that catches your eye.

Polo Vivo

From the sleek new front grille to the eye-catching double headlight clusters, the Polo Vivo's sporty style has the power to impress.

up!

The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

Polo

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. Easy to drive and always ready, you'll never have to choose between performance and economy again.

Tiguan

If you're wanting to combine family and style, this SUV can handle anything your lifestyle demands.

Passat

With advanced technologies and new levels of comfort and performance, the Passat brings the perfect combination of elegance and dynamism to the luxury sedan segment.

Scirocco

With award-winning 132kW, 162kW and 188kW TSI engines, 5-star NCAP safety rating and a feature-packed interior, the Scirocco is a fusion of pure power, passion and dynamic design.

Touareg

The SUV just got smarter. True four by four capability off the road, and smooth, luxurious and powerful on it. With four wheel drive technology and 4MOTION® as standard.
