

V40

V40 ESSENTIAL

The comprehensive standard specification includes City Safety, ECC (Electronic Climate Control), Textile/T-Tec upholstery, 16" Matres alloy wheels, DSTC (Dynamic Stability and Traction Control), power windows, a leather steering wheel & gear knob, a frameless auto-dimming rearview mirror and textile floor mats.

Variants:	Diesel	Petrol
	D2 Manual	T3 Manual

V40 EXCEL

The Excel model adds leather upholstery, cruise control, rain sensor, power adjustable driver seat with memory function and rear park assist. All these features are further complemented by auto folding power door mirrors with ground lighting, front tread plates and chrome exterior trim around the side windows.

Variants:	Diesel	Petrol
	D2 Manual	T3 Manual
	D3 Geartronic	T4 Manual or Powershift T5 Geartronic

V40 ELITE

The most luxurious version of the Volvo V40 offers power adjustable driver and passenger seats, an active TFT crystal driver's instrument display, illuminated gearshift knob, LED daytime running lights, active bi-xenon lights with headlight cleaning system, a high performance multimedia audio system with a 7" colour display screen, internet connectivity and Bluetooth®, a 3-spoke leather steering wheel with chrome décor and a high version interior lights package.

Variants:	Diesel	Petrol
	D2 Manual	T3 Manual
	D3 Geartronic	T4 Manual or Powershift T5 Geartronic

V40 **R-DESIGN**

The striking exterior lines are enhanced with 18" Ixion II alloy wheels, a revised grille with modified bumpers, an aggressive rear diffuser with twin tail pipes and a rear spoiler optimised for high performance. All this together with the R-Design sports chassis enhance the handling of this model. Its visual presence is complemented with silver matt door mirrors, R-Design sports leather upholstery with side support, unique aluminium interior trim and a R-Design sports leather steering wheel.

Variants:	Diesel	Petrol
	D2 Manual	T3 Manual
	D3 Geartronic	T4 Manual or Powershift T5 Geartronic

THE RIGHT EQUIPMENT. It's essential that your Volvo comes equipped with everything you need. Below you'll find the standard equipment lists for each model variant, plus optional equipment to personalise your Volvo V40. And as you'd expect, there is an array of industry-leading, cutting edge safety innovations.

(iv) Must be ordered in conjunction with power driver's seat.

(v) Must be ordered in combination with driver alert system.

VOLVO SENSUS. YOU'RE IN CONTROL, NATURALLY.

SENSUS

Yes, the new Volvo V40 has a beautifully sculpted exterior. But why should passers-by get all the enjoyment? Since you'll spend most of your time in the driver's seat, we've designed a gorgeous space around you. We've made all your instruments and controls as easy to use and intuitive as possible. We call this approach to connecting you and your car with the world around you "Sensus". Our beautiful new Adaptive Digital Display is the latest expression of this philosophy. Not only does it give you all the information you need without overwhelming you with data, it also gives you three modes to choose from – Elegance, Eco and Performance. Together with the Sensus screen in the dashboard, it

makes commanding your drive an effortless experience. And with Sensus Connected Touch, the 7-inch Sensus screen becomes a connected multimedia hub, giving you access to embedded connected navigation, music streaming and internet connection.

But it's not just our displays and apps that are things of functional beauty. We've put the same amount of care into the steering wheel, as well as our iconic floating centre stack with our trademark "mannekin" climate control buttons.

In town, City Safety is designed to prevent you from colliding with the car in front if it stops suddenly. This advanced IntelliSafe system works at speeds of up to 50 km/h and senses if you're about to collide with another car, then, if necessary, applies the brakes.

We've further improved our Blind Spot Information System (BLIS). It now uses radar technology to alert you to vehicles closing up in your blind spot. There's also Cross Traffic Alert, which watches out for vehicles you can't see when you're reversing out of tight parking spaces.

Because we care about other road-users just as much as you, Pedestrian Detection with Full Auto-Brake watches out for people walking into your path and applies the brakes if you're unable to react in time.

OH YES. DID WE MENTION SAFETY?

INTELLISAFE

In 1927 our founders, Assar Gabrielsson and Gustaf Larson, decided to make really strong cars that could cope with our rough country roads. But strength alone wasn't enough. They also had a vision: "Cars are driven by people," they said, "so the guiding principle behind everything we make at Volvo is – and must remain – safety." Now our goal is that, by 2020, nobody shall be seriously injured or killed in a new Volvo. We think our founders would have approved.

In order to help us achieve this goal, and in keeping with our philosophy of making your life easier, your V40 has a whole suite of intuitive safety technologies inside it. They're there to support your daily driving, protecting you in the event of an accident and often preventing collisions in the first place. We call this IntelliSafe.

We know V40 owners love driving, but in a world of busier and busier roads, you are constantly exposed to other people's

mistakes. That's why IntelliSafe offers some really smart technologies such as City Safety, Collision Warning with Full Auto Brake and Pedestrian Detection as well as Cyclist Detection.

In a world-first, the V40 is even available with a Pedestrian Airbag. Should the worst happen and you collide with a pedestrian, it inflates to mitigate the impact, which can make a vital difference. It's another example of our commitment to keep all road users safe – whether they are inside or outside a Volvo.

Small wonder, then, that the Volvo V40 achieved a five-star Euro NCAP rating as well as the 2012 Euro NCAP's Best in Class Cars Award in the tough Small Family Car group – with the best overall result ever recorded by the institute.

DRIVE-E

WE CARE ABOUT YOU

Drive-E is at the heart of every Volvo we make. It's our all-encompassing approach to sustainable driving, our innovative thinking behind a whole range of technologies that will give you more efficiency – and lower running costs – without compromising on a pleasurable drive.

Our Drive-E technological advances include reducing the friction within our engines and a host of aerodynamic improvements to help you get the maximum benefit from your engine and the fuel you put into your car. We employ Start / Stop technology, energy recovery systems and always strive to make

our manufacturing processes more sustainable – all of the electricity for our factory in Sweden comes from clean, hydroelectric power. After all, environmentally-aware mobility is central to our philosophy of intelligent, thoughtful luxury.

Integral to this is the wide choice of powerful, efficient engines available for the V40, ranging from the ultra-efficient D2 diesel with CO₂ emissions of only 88 g / km to the new powerful and fuel efficient T5 Drive-E engine with 180 kW.

RDESIGN

R-DESIGN Exterior

Are you ready for R-DESIGN? Celebrating sports and style in its own way, the Volvo V40 R-DESIGN is not for everybody. The unique front with LED daytime running lights, the silk metal finish design details, the rear diffuser, the dual end pipes and the 18-inch sports wheels – everything about R-DESIGN has one simple message: "Drive me". And inspired by classic racing, Rebel Blue is a solid exterior colour that's passionately sporty without asking for permission. Maybe just like you?

R-DESIGN Interior

Looking for passion? Inside the Volvo V40 R-DESIGN, you're surrounded by racing inspired styling details in perforated leather and aluminium. The R-DESIGN seats feature high-friction Nubuck textile and perforated leather that keeps you firmly in place. In front of you, there's the intuitive R-DESIGN blue digital driver information display. And above you, the black inner roof creates an intimate sporty ambience that puts you in the centre of the action.

R-DESIGN Seats

Inspired by racing technology, the R-DESIGN seats feature seating surfaces in high-friction durable Nubuck textile. Together with the seat's side support, it keeps you firmly in place even during the high lateral g-forces that often comes with inspired driving. Alternatively, the seating surfaces can be equipped with genuine Nappa leather that has a genuine natural feel that is soft to touch and adds a luxurious feel to the interior.

Contrasting stitching enhances the sculpted seat design. And for the uncompromised sporty touch, sections of the seats are upholstered in perforated leather that are also echoed in the handbrake lever, gearshift gaiter and front centre armrest.

TAKE A CLOSER LOOK
V40 CROSS COUNTRY

The V40 Cross Country is for those who want a sense of adventure every day. This expressive and rugged evolution gives you increased ride height, practical versatility and complete driver confidence. And with exclusive two-tone interior options and off-road inspired features, you can make sure your V40 Cross Country is as ready for excitement as you are.

Your V40 Cross Country has:

- Unique contrasting front bumper sills and rear bumper with integrated skid plate.
- Honeycomb mesh grille and vertical LED daytime running lights.
- A choice of seven different upholstery combinations.
- The option of 19-inch Damara, diamond cut wheels.
- All Wheel Drive (AWD) and Hill Descent as standard in T5 AWD petrol version.

Design your own All-New V40 Cross Country. Please contact your local dealer for further information.

BESPOKE TAILORING FROM VOLVO. The finest fabrics, superb stitching and minute attention to detail – whichever interior you choose for your Volvo V40, you'll be surrounded by luxury. How will you tailor yours?

Charcoal Textile/Tricotech

Charcoal

Espresso brown

LEATHER. This is the upholstery that affords the Volvo V40 an atmosphere of luxury. It's a new hide quality that's smooth, durable and has a fine grain pattern. Like all Volvo leather, it's organically tanned and ages beautifully.

Blond

NB It is not possible to reproduce exact original shades in printed matter.

THE VOLVO V40

THE VOLVO V40 CROSS COUNTRY

- (i) The results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model.
Additionally, driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.
- (ii) The Urban fuel consumption figure is based on typical city driving, including starting the car from cold. The Extra Urban figure is based on typical motorway driving and cruising.
The Combined figure averages the consumption across both cycles.
- (iii) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of approximately 750 kg.

Notes

The weight of the vehicle will influence the level of CO₂ emitted. As a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂.

A weighbridge must be used to determine specific weights.

Data valid for manual transmission unless specified.

Gt = Geartronic Automatic Transmission.

All measurements in mm.

The Max. output figures are quoted in PS (Pferdestärke), which is the metric equivalent of brake horsepower.

NB Some of the information in this brochure may not be correct due to product changes which may have occurred since it was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, colour, materials, specifications and models.

Volvo Car South Africa.

Volvo Car Financial Services

A division of 

My Volvo

A personalised website for you and your car.

My Volvo gives you:

- News and updates about your car ownership.
- Allows you to follow the main events during the ownership lifetime of your Volvo.
- Easy to reach your dealer for service booking.
- Tips to simplify your everyday life.
- Quick answers to questions about your car.
- Offers that are relevant to you and your car.
- Exclusive articles, films and photographs, plus behind-the-scenes look into the world of Volvo.
- Reminders regarding important stages of car ownership.

Everything you really need to know to get the most out of your Volvo.

On My Volvo, you'll find personalised offers and helpful information, exclusive articles and films, plus all the latest relevant news and updates from Volvo. You can also take advantage of innovative and useful functions, such as Online Service Booking. Everything is easy-to-use, easy-to-find and, most importantly, everything is designed with you and your particular Volvo model in mind.

Tracker Connect

On 1 January 2014, Tracker Connect became Volvo's new roadside assistance partner.

Tracker Connect has been South Africa's leading vehicle tracking company since the 1990s. While vehicle tracking and Stolen Vehicle Recovery (SVR) remains the company's core business, the Tracker of today has evolved into a highly sophisticated technological company offering leading edge fleet management and telematics solutions to both individuals and organisations throughout Southern Africa.

Services include:

- Medical emergency assistance
- Fuel assistance
- Recovery towing
- Emergency transportation
- "Stand by you" roadside security
- Free Mobile app
- Web access to conveniently position your vehicle or draw reports which can be used to log and submit business or private usage to SARS.
- Flat tyre assistance
- Battery service
- Overnight accommodation
- Accident tow
- Repatriation
- In-car Volvo assist button
- Impact detection
- Mileage monitoring
- Volvo Car South Africa branded smartphone app.

Furthermore, the option to include Proactive Vehicle Recovery for as little as R199* per month is also available. This option also includes access to value added services such as Care, Legal Assist and Theft Rescue.

* Reviewed and adjusted annually.

The number to call is 0800 698 6586

Volvo Car Financial Services

has flexible financing options that enable you to structure your deal according to your specific requirements.

We want your experience of buying and owning a Volvo to be enjoyable and hassle free, that is why we have developed the following online service tools:

- Online finance application – apply for finance anytime of the day or and get an instant answer.
- Calculators – calculate your monthly repayments or calculate the value of a vehicle that you could buy based on a specified monthly repayment.
- Account services – manage your account in a secure and user-friendly online environment in real time.

So, remember to insist on Volvo Car Financial Services at your dealer or simply visit www.volvocars.co.za for more information.

All models standard with a 5 year / 100 000km Volvo Plan.

NB Some of the information in this brochure may not be correct due to product changes which may have occurred since it was printed. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to colour, materials, specifications and models.
